

Your Cryoroutine Starts Here

Niuk Face is a patented cryo roll-on device featuring a solid healthy-grade stainless steel ball maintained at 0°F for up to 12 minutes. It combines three actions: cold therapy, rolling massage and precise serum application, all without electricity or batteries. Perfect for beauty rituals, muscle relief, as well as professional wellness treatments.

Niuk Body is a professional-grade cryo roll-on device designed for body care, featuring a large solid stainless steel ball kept at 0°F for up to 20 minutes. It delivers cold therapy, deep-fissue massage, and optimized serum diffusion- without electricity or batteries. Ideal for sports recovery, lymphatic drainage and intensive wellness protocols.

Jardin d'Hiver is a 99% natural day serum presented in a 1.01 fl oz glass bottle. Its unique formula blends garden vegetables and orchard fruits, offering hydration and radiance. Enriched with hyaluronic acid and botanical extracts, it leaves the skin soft and refreshed, with a light apple and pear scent.

Nuit Polaire is a resurfacing night serum presented in a 1.01 fl oz glass bottle. Its 99% natural formula combines fruit acids (AHAs), niacinamide, and organic Centella Asiatica to gently exfoliate and renew the skin overnight. It smooths texture, brightens the complexion, and leaves a clean, subtle botanical scent.

Prunelle is a natural eye contour serum presented in a 1.01 fl oz glass bottle. Infused with Arctic berry extracts, it targets dark circles, puffiness, and fine lines. Its fresh, gel-like texture decongests and brightens the eye area while leaving a soft, neutral scent.

Niuk Discovery Box offers the complete cryo-beauty ritual in an elegant eco-designed set. It includes the Niuk Face device and three signature serums-(Jardin d'Hiver, Nuit Polaire and Prunelle) each formulated for cold synergy. The perfect routine to lift, smooth and brighten skin naturally. Zero electricity. Maximum effect.

COLD INNOVATION FOR SKIN AND MIND

Niuk brings professional-grade cryotherapy into your home — no batteries, no cords, just pure cold at 0°F. Our daily Cryoroutine combines intense cooling, deep massage, and precise serum delivery for immediate results: firmer, smoother, more radiant skin from the very first use.

Beyond the instant effect, cold activates fibroblasts — the key collagen-producing cells — boosting the skin's natural regeneration process. Over time, this enhances elasticity, reduces fine lines, and eases facial tension for lasting transformation.

DESIGNED WITH ECO-RESPONSIBILITY IN MIND

Niuk is engineered using long-lasting, recyclable materials: medical-grade stainless steel and HDPE enriched with natural minerals. Each component is designed to minimize waste and maximize durability — no batteries, no electronic waste.

Its passive cold system recharges simply in your freezer, using no energy beyond what your appliance already consumes. Niuk is part of a new generation of sustainable beauty tools: efficient, reusable, silent and aligned with a circular economy.

Just pure cold for your face.

Anytime, anywhere.

At the heart of Niuk lies the unique synergy between science and cold. Niuk's solid steel ball is powered by 0°F 18°C deep-freezing energy—without batteries or plugs—activating the skin's natural regeneration, enhancing product penetration, and releasing muscle tension in just one glide.

AT EXACTLY 0°F ...

NIUK BOOSTE YOUR BEAUTY NIUK BOOST THE SERUMS

Niuk activates the skin's natural defense and regeneration mechanisms. This involves vascular constriction followed by dilation, boosting blood flow and oxygenating tissues.

Niuk turbocharges your routine by enhancing serum absorption deep into the skin. Cold constriction tightens the skin barrier, allowing ingredients to penetrate faster and more efficiently.

Combined with massage and serum infusion, the cold shock:

- ✓ Tightens pores and smoothes wrinkles
- ✓ Stimulates fibroblasts to produce collagen
- ✓ Relieves muscle tension and facial stress
- ✓ Reduces puffiness, redness and inflammation

- ✓ Maximizes active ingredient delivery
- ✓ Prolongs serum effectiveness over time
- ✓ Enhances glow and skin vitality
- ✓ Improves tone, elasticity and firmness

Unique  effects

Niuk delivers an instant wow effect, followed by deep regenerative action.
