

**This is an actual photo taken in July 2012 on our trip to Glacier National Park in Montana on the Going to the Sun Road. If you've ever been, you know the narrowness of the road, the waterfalls that plunge under the road on their way to the valley below, nature's beauty all around, and the luxury of having someone else drive you in a Big Red Tour Bus. We did some driving on our own but the tour took us places we would not have seen on our own.**

**The same can be said of your journey in Pathways and Base Camp. We can get to some places on our own yet, to get to other places, we need a guide to get us there. That's the beauty of this Zoom call ... people with little or no knowledge joining with others who share their tips and tricks on navigating through the Levels and other interesting facets.**

**In this first month of the new Toastmasters year consider setting your goal to become more knowledgeable in Pathways to help your fellow club members on their journey.**

**Come join us to learn onboarding tools and techniques as well as getting your questions answered. If there are folks on the call with initial questions on how to access and work your transcript, we will handle those first. For veterans, it may be the refresher you need to jumpstart your project completions.**

**We look forward to meeting YOU at the next Zoom call.**
