

Recently, Toastmasters International announced two new award additions for this program year. We are excited to share further details on how our District can get involved.

District Club Strength Award

The District Club Strength Award looks at membership growth differently by focusing on the average number of members per club. When your **District's average club size increases by 10% or more, you will be awarded the District Club Strength Award**. Details for this award can be found below. Please share this webpage with your fellow District leaders and work with your Division and Area Directors, as well as club officers, to strategize how your District can achieve this award.

Club Building Video Contest

Any District who has formed a club this program year or by the time of submission is also invited to participate in the Club Building Video Contest. To partake, create a 3- to 5-minute video describing the specific strategies and tactics you used. Please note that each District is limited to one video submission only and must be submitted by March 15, 2022 to participate. Resources and additional information about the Club Building Video Contest are below.
