

Division C Report Jan - 2025

11 clubs 3 have met a DCP goal

Area 30

City Center still needs to add 1 new member to get the distinguished status. They have 5 goals completed so far. Working on next years officer board. They are concerned they do not have enough members who want to volunteer to be on the office board. Sounds like this club could use club mentor, they are not doing well and have lost a lot of motivation to keep club going.

ADM club trying to meet more regularly now. Having attendance issues since the layoffs at the company. Only 8 active participating members. Working on next years officer board. Working on getting the new members integrated into the club.

Area 31

Nothing new to report. Visit reports have not been entered as of yet.

State farm oaks still need 1 more member and 1 more goal to hit a DCP goal.

State farm windjammers needs 1 more DCP goal to get distinguished, hoping to see some educational goals entered to meet this.

There will be another showcase at 2 Bloomington SF locations (Corporate HQ & IL OC). Area 31 will have a presence at each. Also at a showcase in Tempe, AZ.
