

# ATTACHMENT THEORY

## Post Graduate Certificate

International Attachment Network

The International Attachment Network is proud to relaunch its Post Graduate Certificate in Attachment Theory. Originally launched in 1999, the Post Graduate Certificate in Attachment Theory is designed to empower students with a comprehensive understanding of the roots and clinical application of contemporary developments in attachment theory.

Lecturers are drawn from IAN's impressive Honorary Members, seminal thinkers, researchers, and clinicians in the attachment field, delivering the original foundations and contemporary developments of Bowlby's thinking and the myriad of varying branches of application that have advanced in the clinical and research field.

This fully online program can be taken either as an entire course for the Post-Graduate Certificate in Attachment Theory, or lectures and seminars can be attended individually for which CPD certificates will be issued.

Each weekly lecture will be one hour long, followed by a live 30-minute discussion group hosted by the speaker (where delivered live) or by a member of the International Attachment Network.

### **Cancellation Policy & Other Details**

An event will be confirmed to proceed not later than 14 days prior to its scheduled starting date. IAN will send a reminder email to all attendees.

The schedule, speakers and program may change if speakers become unavailable or other reasons out of control of IAN.

Workshop registration is only confirmed when full payment has been received from a participant.

If the number of attendees is less than a minimum required to cover costs, an event may be cancelled up to 7 days in advance of the scheduled starting date, participants will be notified immediately and receive a full refund.

If a participant chooses to cancel their confirmed registration, or cannot or does not attend the workshop:

The registered participant may transfer their registration to another person to at no charge provided full contact details and name are provided;

If a cancellation notice is received 14 days or less from the scheduled starting date, no refund will be offered

If a cancellation notice is received between 14 and 30 days in advance of the scheduled starting date of an event, a 50% refund will be offered

If a cancellation notice is received more than 30 days in advance, a full refund will be offered.

Registrants must be able to demonstrate at minimum graduate qualifications in psychotherapy, psychology (clinical or counselling), counselling and psychiatry. Applications from allied professions are decided on a case by case basis.

To qualify for the award of the IAN Post-Graduate certificate students must attend 18 of the 22 lectures. Due to the international nature of some of the speakers the lectures will be either live or pre-recorded which will be indicated nearer the lecture date.
