FLY AS HIGH AS THE SUN...

THE BAND

Ernie Grünh (Bruce) Ernie has played across Canada in cover acts, tribute acts, original bands, and now his vocal experience has taken Maiden Manitoba to the next level. A staple in the Winnipeg music scene, Ernie is a man that needs no introduction!

Trevor Harper (Steve) The thundering, hard-hitting, low end “gallop” of Icarus comes from Trevor Harper. Trevor started playing in his first bands at the age of 15, and has since then played hundreds and hundreds of live shows, and toured all of Western Canada. He uses his many, many years of live experience to bring you the best Iron Maiden Tribute you deserve; to bring you “The Bass of the Beast”!

Dylan Bewski (Nicko) also known as Dbdamage, you would have heard the pounding of Db thundering kick foot at the most popular live entertainment venues in Winnipeg over the last 30 years. He first picked up the sticks at 6 years old and hasn't put them down since! He took to the hard rock heavy metal instantly, starting with KISS and now playing anything that makes his heart pound. Db is very honoured to be a part of Icarus, playing songs from one of the best Heavy Metal acts of all time.

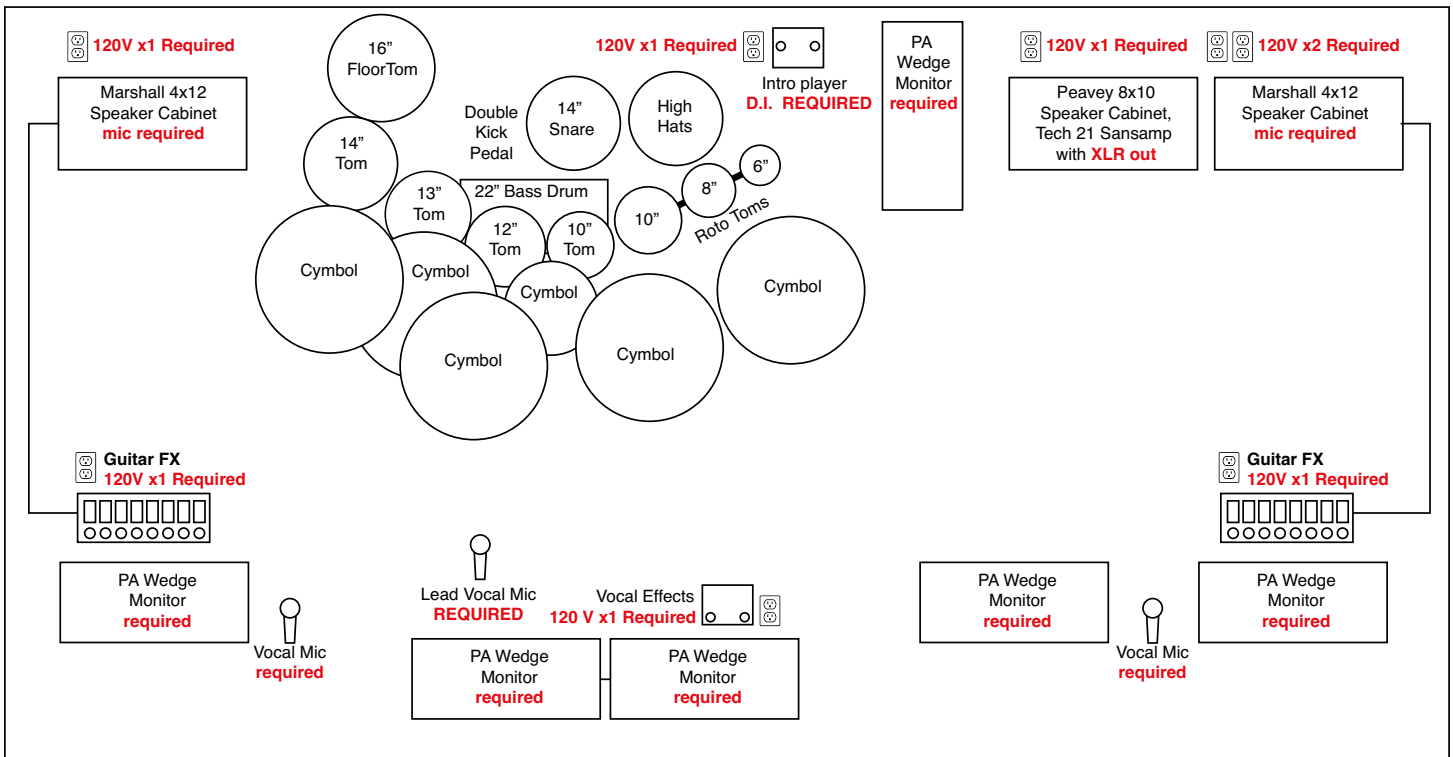

Jay Singbeil (Adrian) Jay has a passion for great guitar playing. Does his best to do the music right.

Norm Goodman (Dave) Norm has toured Canada and the United States for the past 25 years. Norm is a lifelong Iron Maiden fan and his love for their music is very apparent in his passionate live performances.
