SPONSORSHIP OPPORTUNITIES

Event Co-hosted by:

RE-Think What's Possible

The concept of sustainability is evolving faster than ever, driven by new innovations and forward-thinking design leadership. The 2025 REBUILD Conference brings together community members, designers, and industry leaders to challenge conventional thinking and push the boundaries of what's possible in our built environment. Through collaborative discussions and real-world case studies, we'll extract valuable lessons from the past to inform and inspire the future — creating meaningful, equitable, and sustainable spaces. Join us as we explore how technology, process, and innovation can transform our communities and redefine the future of sustainability.

Complement your business' marketing efforts by increasing visibility as an official REBUILD Conference Sponsor. Sponsorship opportunities offer direct engagement with a high-level audience and recognition within our region's sustainability community.
