**Field, Farm and Forest
AGREEMENTS & UNDERSTANDINGS**

Please initial the following

___ I understand my child will be taking walking trips, sometimes up to 1 mile long.

___ I understand that Field Farm and Forest requires all children are independent in toileting.

___ I understand my child will be outside for long periods throughout the day and should be dressed appropriately for any weather.

___ I understand that when the children are outside, there are no fences. This means that if a child is a runner, FFF needs to know this ahead of time. FFF does not have funding for one-on-one support. If an educator has to leave to follow a child, that leaves the other educators short-handed. If a child is being unsafe in the woods and refusing to work with FFF educators, they will have to ask the caregivers to come pick up the child.

___ I have read and understood the Field Farm and Forest Family Handbook.

___ I give my child _____ permission to participate in walking trips.

___ I understand the inherent danger of bike riding and give my child _____ permission to ride bikes at FFF, while releasing FFF of any liability resulting in injury from bike riding.

___ I give my child _____ permission to use hand tools including but not limited to hammers, screwdrivers, and whittling peelers. I understand that my child will be supervised at all times during use.

___ I understand that my child _____'s participation in this program may increase their chance of exposure to diseases, including but not limited to Covid-19. Prevention measures will be implemented with CDC and state guidelines in mind.

___ I understand that under state law, all children are required to have a current immunization record on file with the school, unless they have religious or medical exceptions. The immunization form or a signed exemption form **must** be on file **prior** to starting the program and will be kept in each child's confidential file. Please request that your physician send you records that you can bring to us.
