

# TRANSPATH GLOBAL ASSOCIATES

## HEAVY TRANSPORT/RIGGING/O&G ENGINEERING

Energy sector-specialized multi-modal transport, construction site heavy lift and rigging

Cowles, Murphy, Glover & Associates, Inc.

- i. Heavy Lift/Rigging
- ii. Marine/Port Facilities
- iii. Industrial/Rail
- iv. Roads & Bridges
- v. Nuclear - Oil & Gas

## HEAVY TRANSPORT/RIGGING FIELD SERVICES

Field Supervision, Training, Method Development

Jim Yates

- i. Engineering Field Support and R&D Programs
- ii. Safety Programs including Root Cause Analysis Procedures
- iii. Quality Programs resulting in ISO 9001 certification
- iv. Training Programs for all lifting, rigging, and heavy transport equipment
- v. Qualification Programs for Crane Operators, Riggers, Risk Managers, Lift Planners, and Engineers
- vi. Fabrication Programs including Weld Procedures and Welder Qualification Program Heavy Lift/Rigging
- vii. Nuclear Expertise

## DISMANTLING - RETROFIT

Rigging, plant relocation, demolition.

R. Baker All Industrial Services - 85 years proven performance

- i. Electrical generation facilities
- ii. Refineries
- iii. Nuclear and hazardous materials

## CIVIL/STRUCTURAL ENGINEERING

Full-spectrum building/infrastructure engineering services

Kimley Horn & Associates, Inc.

- i. Structural Engineering
- ii. Energy Consulting – Oil & Gas, Renewable
- iii. Community/Infrastructure Resilience
- iv. Environmental Engineering/Planning

## CONSTRUCTION SERVICES

New construction and retrofits across industry sectors

CrossDock Development

- i. Site selection
- ii. New construction
- iii. Built to suit
- iv. Construction management
- v. Building monitoring and security technology

## FREIGHT FORWARDING

Project cargo movement worldwide

UTC Overseas

- i. Ocean freight
- ii. Air Freight
- iii. Customs brokerage
- iv. Project Logistics
- v. Inland Freight
- vi. Packing and crating
- vii. Hazardous material specialists
- viii. 3PL – warehousing and distribution
- ix. Track and trace
- x. Cargo insurance

## SITE/PORT/TRANSPORT SECURITY & ASSURANCE

Reserve/retired U.S. Military Advisors with extensive combat/security acumen

SeaSmart Global

- i. Security Strategies and Threat Assessments
- ii. Safety/Security Zones and Waterfront Facility Security Protocols
- iii. Offshore Infrastructure Security and Coastwise Traffic Sorting

- iv. Third-part security contracting

**Col Michael Lins (U.S. Army Reserve), Construction Security Advisor**

- i. Three decades military/private construction leadership experience
- ii. Accomplished as Brigade Engineering Officer for numerous multi-million dollar projects in combat zones
- iii. Site security and defensive perimeter expert
- iv. Decades of industrial/military construction safety management
