B. **RAIN'S HOUSE BUSINESS PLAN:** Jessica and Kati will review and report next meeting.

The Rains House Committee met with Mark from Water's Edge Winery to discuss the winery occupying the Rains House. Water's Edge used to be located in the Thomas winery the little press room "The Wine Taylor". Building Damage required them to vacate that location. They are operating out of Industrial space Near Arrow and Vineyard in R.C.

This is a different approach from our initial vision. There are a number of different opportunities this concept offers in regard to funds raised, rent and revenue. There would be taxes possibly in the amount of \$10,000 to \$20,000 per year depending on property valuation. We could apply for the Mills act which would bring property taxes down substantially. Rental agreement would be written to guarantee a minimum that could cover expenses related to the proper maintenance, taxes etc. and a percentage of wine sales and event fees could enhance the Upland-Rancho

Cucamonga Heritage finances to afford more of what we do, grants events, Outreach etc.
