

1505 – 550 WEBB DRIVE

UPGRADES & IMPROVEMENTS

This suite has been thoughtfully refreshed from top to bottom, creating a modern, move-in-ready space you'll be proud to call home. Every detail has been considered to ensure comfort, style, and long-term enjoyment.

Throughout the Condo

- Freshly painted walls, trim, and doors give every room a bright, crisp feel and highlight the suite's open, airy layout.
- Updated light fixtures enhance both ambiance and energy efficiency, creating a warm, welcoming glow throughout.
- Sleek new door hardware adds a polished, cohesive touch to every space.
- All-new custom window coverings complement the home's modern aesthetic while maximizing natural light and privacy.

Flooring

- Durable luxury vinyl plank flooring installed throughout, complete with acoustic underlay and new shoe moulding. The result is a quiet, comfortable, and stylish foundation that ties the entire space together and stands up beautifully to daily living.

Kitchen

- The kitchen has been refreshed with newly purchased stainless-steel appliances, including a fridge, stove, microwave with range hood, and dishwasher—bringing both form and function to the heart of the home.
- Cabinetry has been adjusted and fine-tuned for smooth, reliable performance, ensuring the space feels as practical as it does contemporary.

Bathroom

- The bathroom enjoys a fresh, modern update with a newly installed sink, faucet, and toilet—simple touches that make a big difference in style and everyday comfort.

Balcony

- Step outside onto the private balcony, where a custom-cut, weather-resistant outdoor carpet adds comfort underfoot and defines the space as an inviting extension of the suite—perfect for enjoying the views or a quiet morning coffee.
