Improve Demands

By hiring M.R.S. to:

- Review medical records
- Identify missed diagnosis codes, value drivers, and potential obstacles
- Create a Medical Record Summary
- Create Supplemental CMS 1500's
- Create an Attorney Code Tracker
- Input data into Demand Online software

You will need the following IN ORDER:

- 1) Police Report
- 2) Photos of any of the following: injuries, accident scene, and property damage
- 3) Insurance Letter of Acknowledgement or claim information
- 4) All medical bills grouped by providers and in order by the initial date of service
- 5) All medical records grouped by providers and in order by the initial date of service
- 6) Any additional radiology or testing reports
- 7) Prescription receipts and/or receipts for medical devices
- 8) Duties Under Duress form
- 9) Loss of Enjoyment form
- 10) Impairment rating
- 11) Future medical treatment and expected cost

Optimize Claim Outcomes!

"I submitted my first demand using your program last week on a case that the adjuster had said all along was not a policy limits case. I am happy to report that after the adjuster had the file for a total of one week, he offered the policy limits of \$100,000! My client has UM benefits which I can now pursue." -Buckley Law Offices, PC
