Rugby Tournament

502 Hwy 3 N. Ste. A
League City, TX, 77573

My name is Scott Blackley, and I am involved in the Bay Area Rugby Club, a proud club since 1974. Space City 7's is an annual rugby tournament that was started in 2015. It was created to grow the sport of rugby, which is the fastest growing sport in Texas. Rugby 7's was even in the 2016 Olympics.

We would be honored if you would consider sponsoring us for our upcoming tournament. We have eyes and ears all over the local community. Rugby players are loyal and like to do business with businesses that support the sport.

Space City 7's is an all-day event held on Saturday, June 29, 2019. It is the largest rugby tournament in the Greater Houston Area. The event will be in Galveston County at Walter Hall Park in League City, TX.

This year's tournament will consist of six brackets. The tournament will have a Texas, Oklahoma, Louisiana, and Arkansas (TOLA) 7's bracket for both men's and women's teams. TOLA consist of 6-10 Regional Tournaments with the goal of crowning a TOLA Champion in the Senior Men's and Women's Divisions. All teams entering a designated TOLA tournament will be eligible to receive points. The objective is to create a competitive environment for teams to compete in with a level of continuity that does not require the formal club structure of teams wishing to compete for the USA Rugby Club 7s Championships. The teams that have accumulated the most points at the end of the series will be crowned champions. Also, the tournament bracket includes a high school boys/girls, social men's and women's division. We are expecting between 15-25 teams with an estimated 600-1,000 people attending.

We are in our fifth-year hosting Space City 7's and very excited about the growth and community support we have already received. We anticipate moving to a two-day tournament in the upcoming years. To help support this enthusiasm for a local growing sport I am reaching out for a product, in kind trade, or monetary donations. We are a 501(c)(3) and would be pleased to provide a form 990.

We are very flexible and have created several different levels to accommodate anyone's budget.
