CONTACT

Entertainment, Infrastructure, Communications & Consumer Products have always played a leading role in economic development all over the world. It helps to improve peace and security by enabling, sustaining and enhancing societal living conditions and the welfare of people in developing countries. As core philosophy, Yumsum Group connects communities and countries with market, through entertainment, infrastructure development, mass communications & consumer products that improves livelihoods and generates employment creating the conditions for lasting peace. Yumsum Group aims to play an important role in the above journey to change the socio-economic conditions of the society around the globe. We believe in connecting nations across the world.

FOUNDER & CHAIRMAN

Dr Shridhar Sham Dixit Ph.D is the founder and Chairman & Managing Director of multiple global business houses headquartered across the world. He is spearheading number of business groups like Shri.G, C-Multiplex Group, Yumsum Group, Yumsun Hi-tech Agro and has also co-founded other business groups worldwide like Veda Group, CMA Global Group, 3VS Group, vi2 Group, DH One Group, ved-vidya- vaidya-Program and B L Group. These business houses originated from countries like India, Canada, Australia, Costa Rica and Russia and have spread its wings over the years to many other countries.

A globe trotter, Dr Dixit is a man of multiple talents. His business interests run into varied sectors like Power, Infrastructure, Entertainment, Digital, Education, Research & Development, Cyber Securities and Hi-tech Agro for Toxic free food. His knowledge and expertise in global feature film business led him to create and raise international funding for projects of multi-million dollars comprising talents from various countries. He is also known for creation of animation film & studios and multiplex chains covering length & breath of India.

His passion to create effective Educational Universities and hub for International students to gain technical know-how across 300 courses led him to open centers around the world. He is the brain behind five international R & D centers and mentor for many Government led Indo-European, Indo-African, Indo-UAE trade and business forums. He is also involved with International Art and Culture Exchange Programs.

Having acquired a Vidyavachaspati (Phd) degree, Dr. Dixit has hundreds of research papers to his credit, mostly based on the influence of Vedic study and Vastu theory in the world of developing smart city and renewable energies. He has studied and developed his expertise in influencing power of planetary positions that affect any individual or group's fortune. He is the spiritual guide for many royal families in India and abroad. He also acts as a life coach for many celebrities in the political and corporate sphere. His social contribution involves development of Rural Entrepreneur and Agriculturists & Young Farmers & Women Welfare Programs. In addition to this, Dr Dixit has helped independent film makers across the world to raise funds to fulfill their dreams.
