

Leaders of Tomorrow  
Early Learning Academy

# COMING SOON

## *The Global Ambassadorship Program*

### **Do you have an interest in Leadership & Philanthropy?**

We are seeking future leaders with an interest in helping the most vulnerable members of both our local and global communities. If you are a young person who enjoys promoting diversity and cultural sensitivity, we have the program for you! There are several indigenous populations that are at serious risk of losing their native language, oral story telling traditions, and cultural heritage due to external factors like loss of habitat and modernization. Many lack the skills necessary in both preserving their culture and growing socioeconomically!

### **Where do you come in?**

Let us train you on how to become a local and global leader who advocates for indigenous peoples, brings awareness to their causes, and develops programs that help them preserve their heritage in innovative ways!

### **Want to learn more?**

Call us at (856) 692-3400
