Informed Consent for Treatment Addendum Justin Greer, MC Therapist, LAC

My name is Justin Greer. I am a Licensed Associate Counselor (LAC) with Gilbert Counselors, LLC. I am under the direct supervision of Terri Roman, LPC, as I work toward completing requirements to become an independently licensed therapist. I completed my Master of Science degree in Clinical Counseling and Mental Health from University of Phoenix. I also hold a Bachelor of Arts degree in Behavioral Science from Western International University. I have training and experience using Motivational Interviewing, principles of Applied Behavior Analysis (ABA) and various trauma-informed and brief therapy treatment modalities. I have successfully worked with children, teens, adults, couples, and families. I am dedicated to helping individuals meet their own goals by examining the connection between how they think, feel (emotionally and physically), behave, and interact in their various environments. I facilitate growth and change in my clients by engaging in a client-led collaborative working relationship, focusing on an agenda and the client's most pressing concerns, evoking personal reasons for change, and planning the "when" and "how", guiding the client to identify the best options for him or herself.
