WOLF CABIN **HANDBOOK**

WELCOME TO OUR CABIN

Our Story

Welcome to our little piece of heaven. We are so happy to have you. We hope your vacation is exactly what you are looking for.

During your stay, please don't hesitate to let us know if you need anything. You can message through Air B&B, or if there is something more urgent feel free to call / text. 705-796-3170

Jenn & Dale Paradis *Owner Operators*

We opened our first cabin in July of 2023. The Moose Cabin has always had a special place in our hearts. Probably because we love moose and because it was our first. Since then we've opened the Deer and the Wolf Cabins and our adventure has taken off.

Trailhead Cabins has been such a fun journey for us. We have learned so much! We try to be as sustainable as possible in creating and maintaining our property. We reuse as much materials as we can and love that our cabins run on solar power. The positive feedback we get from guests makes us so happy and it's so rewarding to know that all the work we put into our slice of heaven is appreciated by our guests.

We're so glad you're here

Social Media

Our Property

Feel free to explore the property. But, please remember there may be other guests here and stay out of their areas. The Annex can be accessed from the road and the gate between the Wolf and Deer Cabins.

Your Cabin

The BBQ

To run the BBQ, make sure the tank is on. Open the lid of the BBQ. Turn one of the knobs until you hear a light hissing, then click the ignitor button on the far left. Do the same for all other burners and side burner. To turn it off, simply turn the knob back to off. You do not need to turn the main propane tank off each time.

Pots and Utensils

Your pots are in the cupboard next to the BBQ outside. Utensils can be found in the drawer in the cabin.

Furnace

In the cooler months your furnace will be on for you. You control the heat using the thermostat on the wall.

The Inside Outhouse

Your cabin's washroom is a waterless toilet system. Nothing fancy required. Just do your business. There are wipes, hand sanitizers and a hand washing station for you.

Pets

Our Dogs

We do have dogs on the property, but we keep them at the main house when we have guests. They are always up for a play upon request.

Trading Post

The Trading Post has lots of things for your pet. There are food bowls, bags and tie outs. Plus, the Bark Box outside the Trading Post has lots of toys to borrow while you're here.

Dog Friendly Things To Do

Mikisew Provincial Park has a great dog beach where pups can run off leash and access the water. It's about 15 minutes from us, and we have a pass you can use so you don't have to pay. If we don't have other guests, your dogs are welcome to be off leash. Dogs love to run free in the back Annex.

Emergencies

If you have an emergency with your pet please let us know and we'll help however we can!

There is a vet clinic in Sundridge – 705-384-0400. They can help in an emergency.

Barrie is the closest 24 hour emergency clinic – 705-722-0377

What To Expect

Campfires

Don't worry if you've never lit a campfire. We can light it for you or teach you how.

You have firewood and kindling at your cabin. There are also fire starters inside.

Put down some kindling, light a fire starter and put it on top. Keep adding kindling until you have a good flame. Then add small pieces of wood. Always go from smaller to bigger.

Power

Your cabin's lights and charging station are run by solar power. When you're not in the cabin, please keep the lights off. To charge your devices, simply turn on the switch on the inverter and charge away. Please do not plug in larger items like kettles / hair dryers. These will drain the system leaving you with no power.

Rarely, when the system runs out of power you will hear an alarm sound. Don't worry, just turn off the inverter.

Outdoor Shower

The outdoor shower runs in the warmer months. It's solar powered and uses rainwater. You will have hot water in moments and we have towels in the Trading Post you can use. There is shampoo and body wash in the shower.

Other Fun Stuff

The Trading Post

The Trading post has things that you can borrow during your stay. things like games, campfire blankets, roasting sticks are here for you to use anytime.

Tuck Shop

The Tuck Shop is our little store. We have treats for you to enjoy while you're here and memorabilia to take home like hats and stickers.

Memory Wall

Make sure to stop by the Trading Post to take a selfie and add it to our memory wall. And add a pin to our map.

Games

The Trading Post has lots of games that you can use while you're here. Axe throwing, corn hole, board games, cards etc. Play them in the common area, or bring them to your cabin.

Local Treasures

Screaming Heads

Artist Peter Camani has created an immense artscape of huge cast-concrete sculptures throughout his 310-acre property. Visitors are welcome to wander the trails that wind through meadows, past woods and ponds, to get up close to his artwork. This is a must see. It's free (donations are accepted) and dog friendly.

Aspen Valley Wildlife Sanctuary

This one is a personal favourite. You can book a tour and they will get you up close and personal with their permanent residents and will tell you all about the animals they are rehabilitate to release back to the wild. NOT pet friendly.

The Antler Farm

An amazing local treasure. They offer guided Farm tours where you get to go into the pen to see their most impressive Deer. They have photography packages with the Deer and a Gallery featuring beautiful wildlife and nature!

Ontario Provincial Parks

A stay with us includes access to any Ontario Provincial Park. We are close to Mikisew and it has a great beach and dog area. Depending where you're coming from, we can book you a day pass to any park you'd like. Often people drive past Arrowhead or Algonquin. Just let us know, and we'll arrange the pass for you at no charge.

Outdoor Fun

We have so much hiking and things to do outdoors in all seasons.

Our Trails

Feel free to hike the property. We are working on hiking trails through the Annex. The field in the Annex is amazing for stargazing. There are snowshoes you can borrow in the Trading Post

Trans Canada Trail

Walk out from the parking lot and turn right. This road will turn into an arm of the Trans Canada Trail. You can hike all across Canada if you'd like! The start of the trail is about a five minute walk down the road.

High Rock Lookout

In Sundridge is a little park with an amazing view of Lake Bernard. In the fall it's amazing. The trail in the park is small, but the view is worth it.

Eagle Lake Narrows

Eagle Lake Narrows has great beaches and fishing. The general store rents canoes, kayaks, paddle boards, motor boats and bicycles.

Local Places We Love

Certainly not a definitive list, but there are a few local gems here.
Here are some of our guest favourites.
