March 27 program, 7:30 pm at the Elk Grove Village Library

## How to Best Photograph Your Artwork for Social Media with Cheryl Rausch

**Cheryl Rausch:** I am a professional photographer and illustrator with two great passions in my life: art and nature. Combining the two has been my biggest goal over my 30+ year art career, and it has provided much creative inspiration over the years. When I spot a visual that stirs the soul, such as the sweet and curious stares of formerly hidden baby squirrels or the personal anguish of a lone stranger, my goal is to visually capture that feeling to the best of my abilities.

The result is a life-like quality of my work that I hope reflects the character and quiet beauty of the subject, whether it be in photographs or in illustrations. Ultimately, my joy and satisfaction comes from the constant evolution of my style and the never-ending quest to visually interpret the beauty and wonder I see in our world.

We are putting together a group proposal for an exhibit at the Addison Art Center for 2020. I am looking for one piece of art, a short 1-2 sentence artist bio, and a commitment to participate in this exhibit. Please include the artist name, media, size of work, price and title.

The theme is going to be "Nature". I will need the file and bio emailed to this email address no later than March 23, 2019. I will take the first 15 artists that respond on a first come, first served basis. I will confirm your entry after the deadline.

We are not a shoe-in for this exhibit, but we will be submitting a proposal. Thank you for participating!
