

COMPANY PROFILE

IT CONSULT
GO BEYOND THE SCREEN

Empowering innovation beyond the screen, our innovative IT company pioneers digital transformation, bridging imagination with cutting-edge technology to craft immersive experiences and solutions that redefine possibilities in the digital realm.

About Our Company

🏠 Established in 2024 in Lebanon, IT Consult is a rising company in the IT industry, renowned for its exceptional service and unparalleled expertise.

Specializing in providing top-quality hardware and electronics, IT Consult goes beyond just supplying technology—it excels in setting up complete office environments. Leveraging years of experience, IT Consult guarantees the best quality products and services, coupled with fast response times and efficient delivery.

The company's support system for office setups ensures that businesses are equipped with the latest technology, tailored to meet their unique needs and optimize productivity.

Vision

IT Consult's vision is to empower businesses with cutting-edge technology solutions, ensuring seamless integration and exceptional support to drive productivity and innovation.

Mission

01

Providing end-to-end solutions for businesses of all sizes.

02

Services span from supplying the latest laptops, desktops, and smart devices to implementing sophisticated smart systems that enhance operational efficiency.

03

Configuring individual workstations with state-of-the-art technology to integrating complex storage systems and backup cloud solutions

04

Installing and maintaining robust servers, ensuring secure and efficient handling of company digital data.

WHAT WE DO BEST

Go Beyond the Screen!!

Our Services

01 Hardware and Electronics Supply

IT Consult specializes in providing original, high-quality hardware. Our range includes desktops, laptops, printers, monitors, projectors, CCTV, Smart Home and various accessories. We only supply products from trusted brands known for their reliability and performance.

02 Office Setups

We excel in setting up complete office environments, from individual workstations to complex network systems. Our team handles everything, including LAN wiring, fiber optic installations, and internet connections, ensuring a smooth and efficient setup process.

03 Technical Support

We understand that every business requires robust technical support. Our team offers quick, hassle-free, and efficient technical assistance for both hardware and software issues. We provide onsite and remote support for desktops and servers, including:

- ✓ System configuration
- ✓ Daily administration
- ✓ Regular Backups

04 Network and Infrastructure Solutions

IT Consult provides a range of networking equipment for LAN environments, such as:

- ✓ Routers
- ✓ Switches
- ✓ Infrastructure cabling
- ✓ Wireless access points.

Our solutions are designed to meet the unique needs of each business, ensuring optimal performance and reliability.

Why IT Consult?

Providing you with the best
customer service, before and
after your purchase!

QUALITY PRODUCTS:

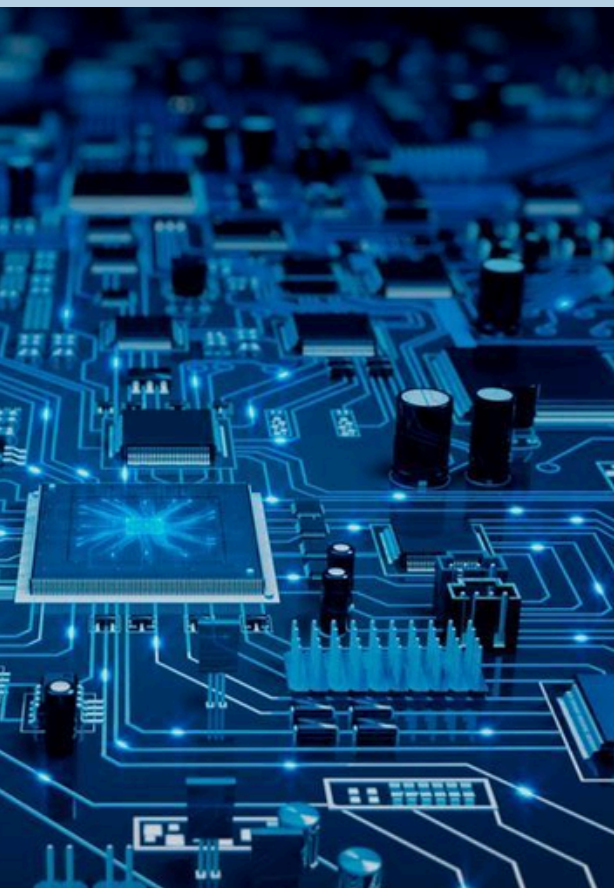

All our products are genuine and top quality. We promote brands that lead in technology innovation, providing you with great utility and performance for your investment.

EXPERT RECOMMENDATIONS

Our experienced team recommends products that are durable, reliable, versatile, and energy-efficient, perfectly aligning with your business's ICT needs.

GUARANTEED DELIVERY:

We guarantee on-time delivery, while keeping the products in the best conditions.

24/7 technical support ensures your business runs smoothly, hassle-free.

At IT Consult, we are committed to providing the best technology solutions to help your business thrive.
