

# *It's Fundraiser Time!*

Lotus Roots Markets is a local Market operating under our Non-Profit,  
Harvesting for Hope (33-4194728)

Our Mission is to make healthy food and activities available and  
affordable for all Los Angeles Residents, with a strong focus on families  
and youth in need right here in the San Fernando Valley!

We are excited to announce our "Night Market Fundraiser Program"

The Night Market is a Partnership between Harvesting for Hope, and  
your School or Organization. The purpose of the Night Market Program  
is to host an event on your organizations property, in return, all  
proceeds from the market will be donated back into your organization.

The Night Market Program is a great way to raise funds for any  
department in your organization, help give back to your own students and  
members, and gain the support of the community.

Lotus Roots offers community service hours for students, youth team  
sponsorships, healthy food programs, field trip sponsorships, youth  
entrepreneurship programs, and so much more!

Ideal locations will have ample space for vendors and shoppers to park and hold the event, all  
set up and clean up will be the responsibility of Lotus Roots, all marketing and advertising will  
be provided by Lotus Roots, all vendors are licensed with current permits to operate, no  
alcohol, tobacco, or cannabis products are permitted at markets. Night Markets can be held  
any day or times (outside of operating hours of facility)

If you think your organization is a perfect location for a Night Market, please contact Kortni  
at [lotusroots.market@gmail.com](mailto:lotusroots.market@gmail.com) or call 209-898-4899

We look forward to partnering with you to make the Valley the best place to live!
