Vendors Guide

## FAMOUS FLAVOR SINCE 2016

Here at Stumpy's we are dedicated to creating a quality product, excellent customer service and engaging in our community. Our family created Stumpy's Smoked Cheese' in 2016 as a hobby, and by 2019 we were a full time business. We are passionate about our family, faith in Jesus, our children, and building a brand of quality hand smoked cheese that people love. By consistently adding new products, we love to blow people away with our newest flavor combinations.

Our family would like to welcome your business to join our established network of vendors who currently enjoy our product line. Stumpy's Smoked Cheese can be found in grocery stores, liquor stores, retail shops, and restaurants all throughout the Topeka and Lawrence markets.

Trust us when we say you haven't tried smoked cheese until you've tried Stumpy's Smoked Cheese!
