Most banks and credit unions offer a means to make payments electronically at no charge. Called “BillPay”, “e-Payment” or something similar, the service allows you to make payments via your computer or smart device. As an added convenience, you can make recurring payments automatically according to your instructions. After a one-time setup, payment is sent either electronically or by check, and the bank picks up any postage.

## To Sign Up

1. Log in to the website of your financial provider
2. Look for a “Payments” tab which should allow you to set up a payee
3. Add a Faith Presbyterian Church as Payee

Tel: (706) 374-5912

4. Schedule single or recurring payments

## Considerations/Benefits

- Decide whether or not you want to be notified when payments are pending or sent.
- Assign these payments to a tax-deductible category.
- Make changes to or cancel payments at any time.
- Stop worrying about making a payment when you miss a Sunday service.
- Stop trying to remember to take your checkbook or cash for the collection plate.
- Simplify cash flow planning for both you and Faith.
