**CMIT SOUTH ES  
Parent University**

**CHESAPEAKE  
MATH & IT ACADEMY**

**Homeschool Day 1:  
HOW DO I GET A KID  
TRANSFERRED OUT  
OF MY CLASS?**

When the coronavirus has parents teaching math and their child says "That's not how my teacher shows us."  
*-Math is math!*

*It's Okay*

- To not know how to homeschool your own child
- To not know how to work from home
- To give kids more screen time than usual
- To make a colorful daily schedule or just wing it
- To not magically feel motivated to work out at home or take on a new hobby
- To not feel okay

This is not normal for any of us.  
Please be kind to yourself.

## What is Parent University?

- Series of workshops that will provide targeted support and guidance for parents in order to work towards a shared vision for our students and community.

Giving you the support you ask for

- STEM Fair Details
- Technological Literacy (IXL, Codemonkey, google classroom, turning in work online etc).
- Emotional intelligence, helping students adjust to our “new world”.
- Math and Reading Workshops.

ClassDojo

IXL

Every single Zoom meeting!

# Question for today-How can I help my scholar?

Our combined goal is not to turn in work, or to simply pass, but to educate our scholars. We are all trying our best. We support at the school, but here are some ways to support at home. Student have periods of independent assignments as well as Asynchronous days. Here are some resources to utilize that can be of assistance.

# 3 things that can help

## 1 | IXL and I-Ready

- Diagnostic and learning tools
- Should be done 3 times a week if not daily

## 2 | Clever

- Links to different county approved resources

## 3 | Free Resources

K-2 - Starfall

K-5 Khan Academy

K-5 Readworks

K-5 Learnzillion
