## TO WHOM IT MAY CONCERN

### LETTER OF COMMENDATION NO BOUNDS MINERAL EXPLORATION CONSULTANTS

Kim Boundy, proprietor of No Bounds, provided field services to Eclipse Metals in late 2017 and early 2018 to plan, supervise and record results from our diamond drilling program on the Eclipse manganese prospects in SE Queensland.

There followed several months of work with Kim collating all data derived from this program and preparing comprehensive reports based on results. Kim also developed innovative use of the geochemical and geophysical data to plan future exploration. Her use of advanced programs to manage data is well developed.

Kim also contributed significantly to the Eclipse Metals application for Collaborative Exploration Funding from the Queensland Geological Survey.

We would not hesitate to seek the engagement of No Bounds and Kim Boundy, to organize, run and report on future mineral exploration programs.
