

NO BOUNDS

Mineral Exploration Consultants

CAPABILITY STATEMENT

A photograph of three children in a savanna landscape, each carrying a large bundle of sticks or branches on their head. The child on the left is shirtless and wearing dark shorts. The child in the middle is wearing a colorful patterned top and a red skirt. The child on the right is wearing a dark long-sleeved shirt and orange shorts. The background shows a grassy plain with scattered trees under a blue sky with light clouds.

ABOUT US

No Bounds Pty Ltd provides the modern explorer with cost effective, practical solutions, while adding value to your company's projects, at every stage of development.

The No Bounds company structure affords you, the client, the security and confidence to focus on what really matters to you, your company's growth and the technical success of your project.

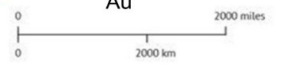

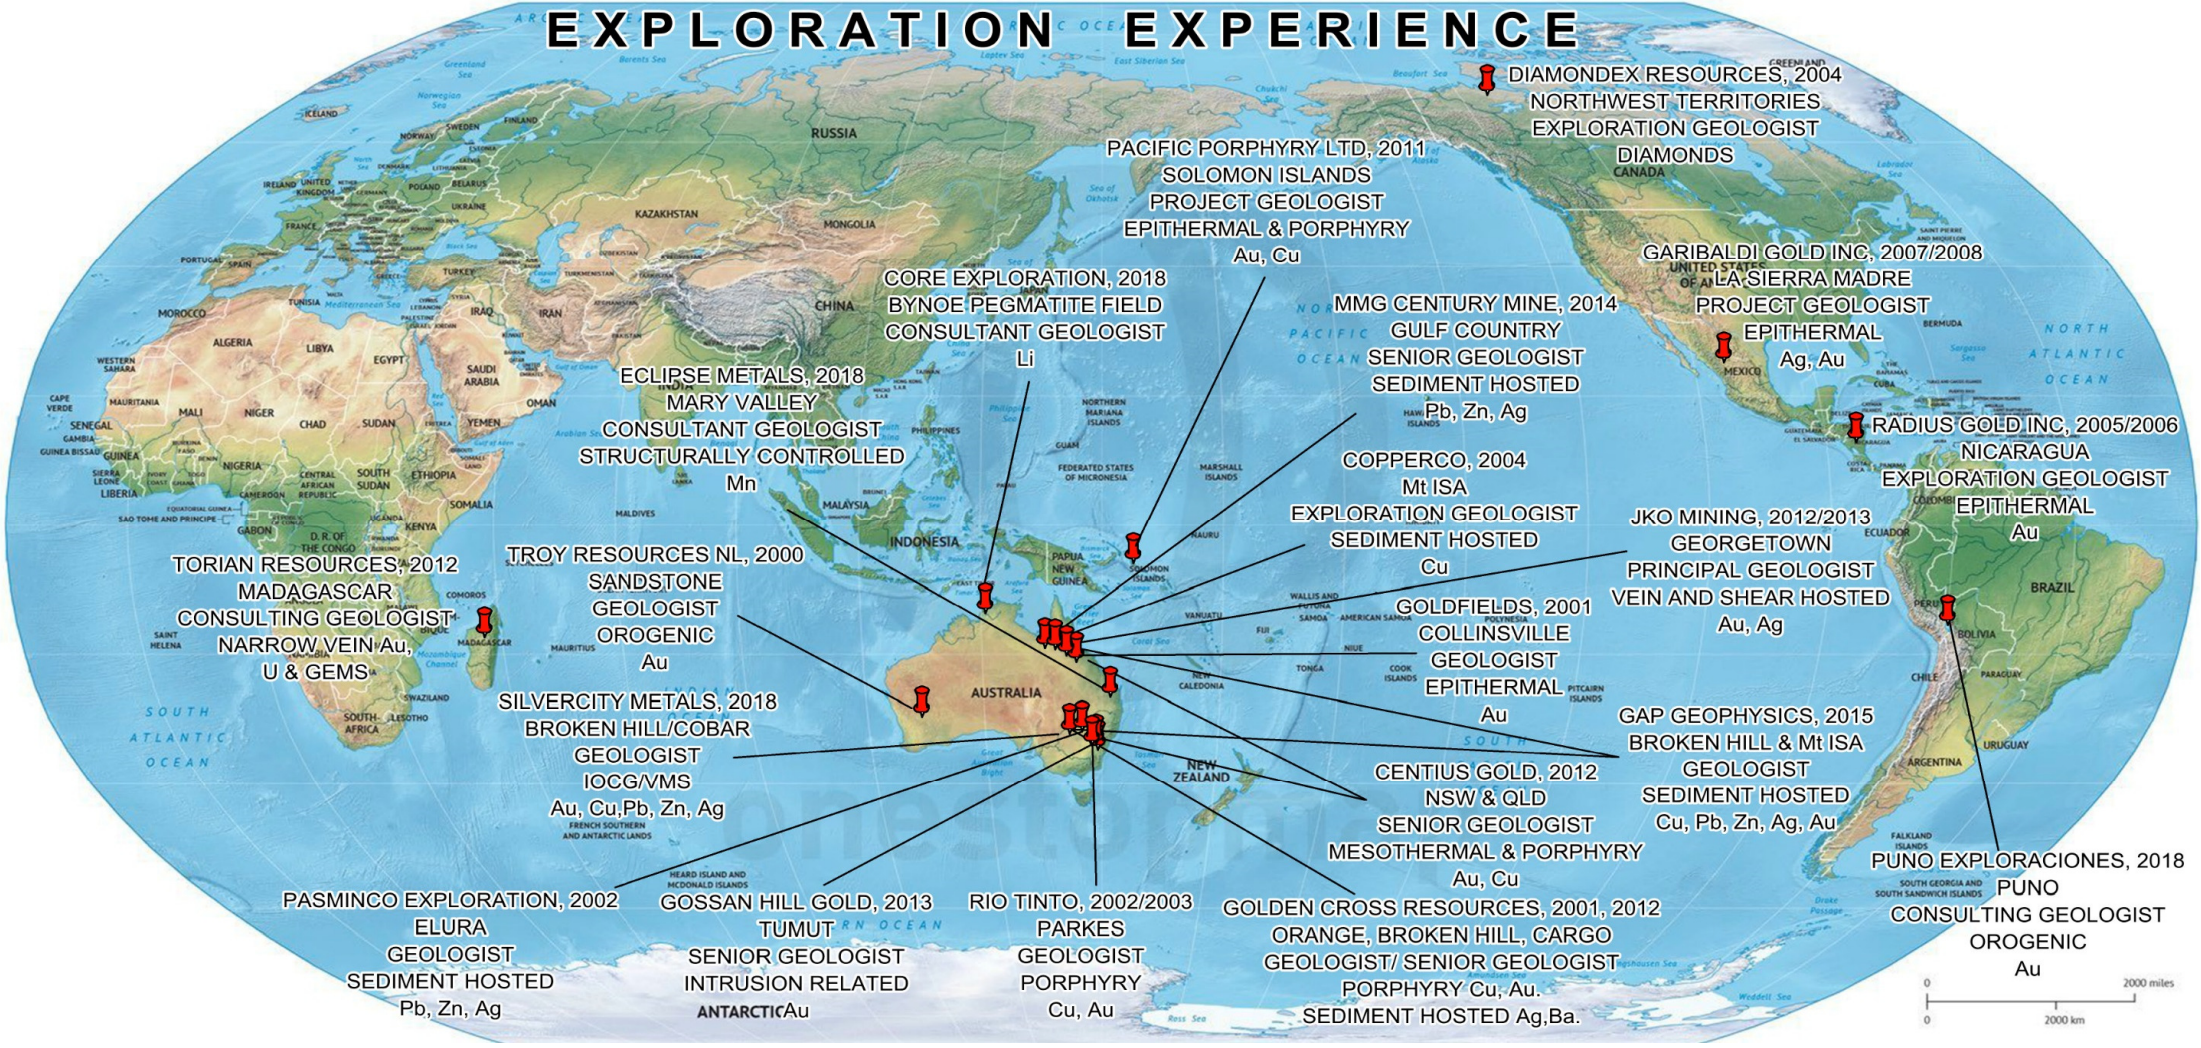

The principal geologist has experience in all stages of the mining cycle, from early stage exploration through to development, and initial production.

No Bounds prides itself on empowering and engaging with local communities and promoting a transparent work environment.

When you take into account the experience of the principal geologist and his worldwide network of well-established industry professionals, there is literally "No Bounds" as to what we can achieve.

EXPLORATION EXPERIENCE

NO BOUNDS IS A MULTI-COMMODITY, GLOBALLY MINDED EXPLORER

CONTRACTING SERVICES

No Bounds provides contracting services with a difference. The team that will work on your project is hand picked and vetted by the principal geologist. Due to the close knit structure of No Bounds the principal geologist ultimately oversees the project from start to finish.

With close to 20 years of experience in the minerals exploration industry, No Bounds has a vast pool of specialist and generalist geologists in our network.

The team has access to the right equipment and possesses the skills to get the job done in a safe and timely manner.

Contracting services provided by No Bounds include:

- Project Managers
- Exploration Geologist
- Mine / Resource Geologist
- Logistical Managers
- Field Technicians
- Graduate Geologists

EXPLORATION SERVICES

No Bounds specialises in exploring remote and challenging locations, whether it be vehicle based reconnaissance work, exploring new frontiers in a dug out canoe or setting up a fly camp in the jungle. No Bounds gets results.

The principal geologist is affiliated with CODES at UTAS, a member of SEG, an accredited RPGeo with AIG and an active member of the global geoscience community.

No Bounds exploration teams are up to speed with the latest geophysical, geochemical, exploration techniques and are well trained in ore deposits models, well equipped and well informed to hit the ground running.

Exploration services provided by No Bounds range from grass-roots exploration to advanced resource definition drill-outs, including data compilations & reviews, target generation, programme design and planning, budgeting, drill rig supervision, logistics, project management and implementation.

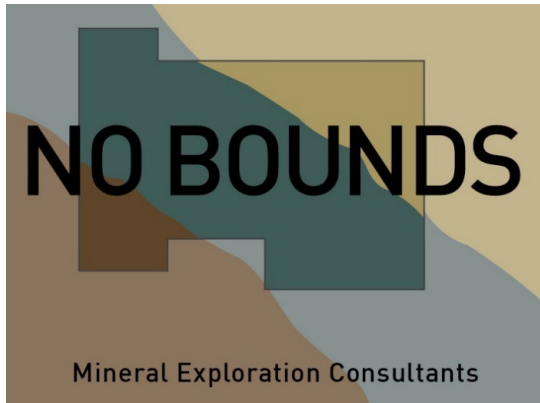

CONSULTING SERVICES

No Bounds provides tailor-made consulting services across the full spectrum that covers the exploration and development of mineral commodities.

Our consulting services include:

- Exploration Management
