HOW I BECAME THE DESIGNER YOU SEE TODAY

At Interior DesignByLaws LLC, my passion for creating beautiful, functional spaces began with a simple high school room transformation — and evolved into a career designing luxury residential and commercial interiors. Inspired by my mother's creativity and drawn to vibrant colors and eclectic styles, I blend artistry with precision to deliver full-service interior design that elevates everyday living.

After earning a degree in software development, I followed my true calling and trained at the New York Institute of Design, honing my expertise in space planning, color coordination, 3D renderings, and custom furniture design. My first project with complete creative control confirmed what I already knew — design was where I was meant to be.

Today, I work with clients to create interiors that are both visually stunning and highly functional, offering a seamless blend of organization, elegance, and personal style. Whether you're seeking a luxury home redesign or a commercial space transformation, I deliver custom interior design solutions that reflect your unique vision and lifestyle.

Project 3400 Square feet

Plan

- 18 spaces
- Bold Concept
- 3600' square feet

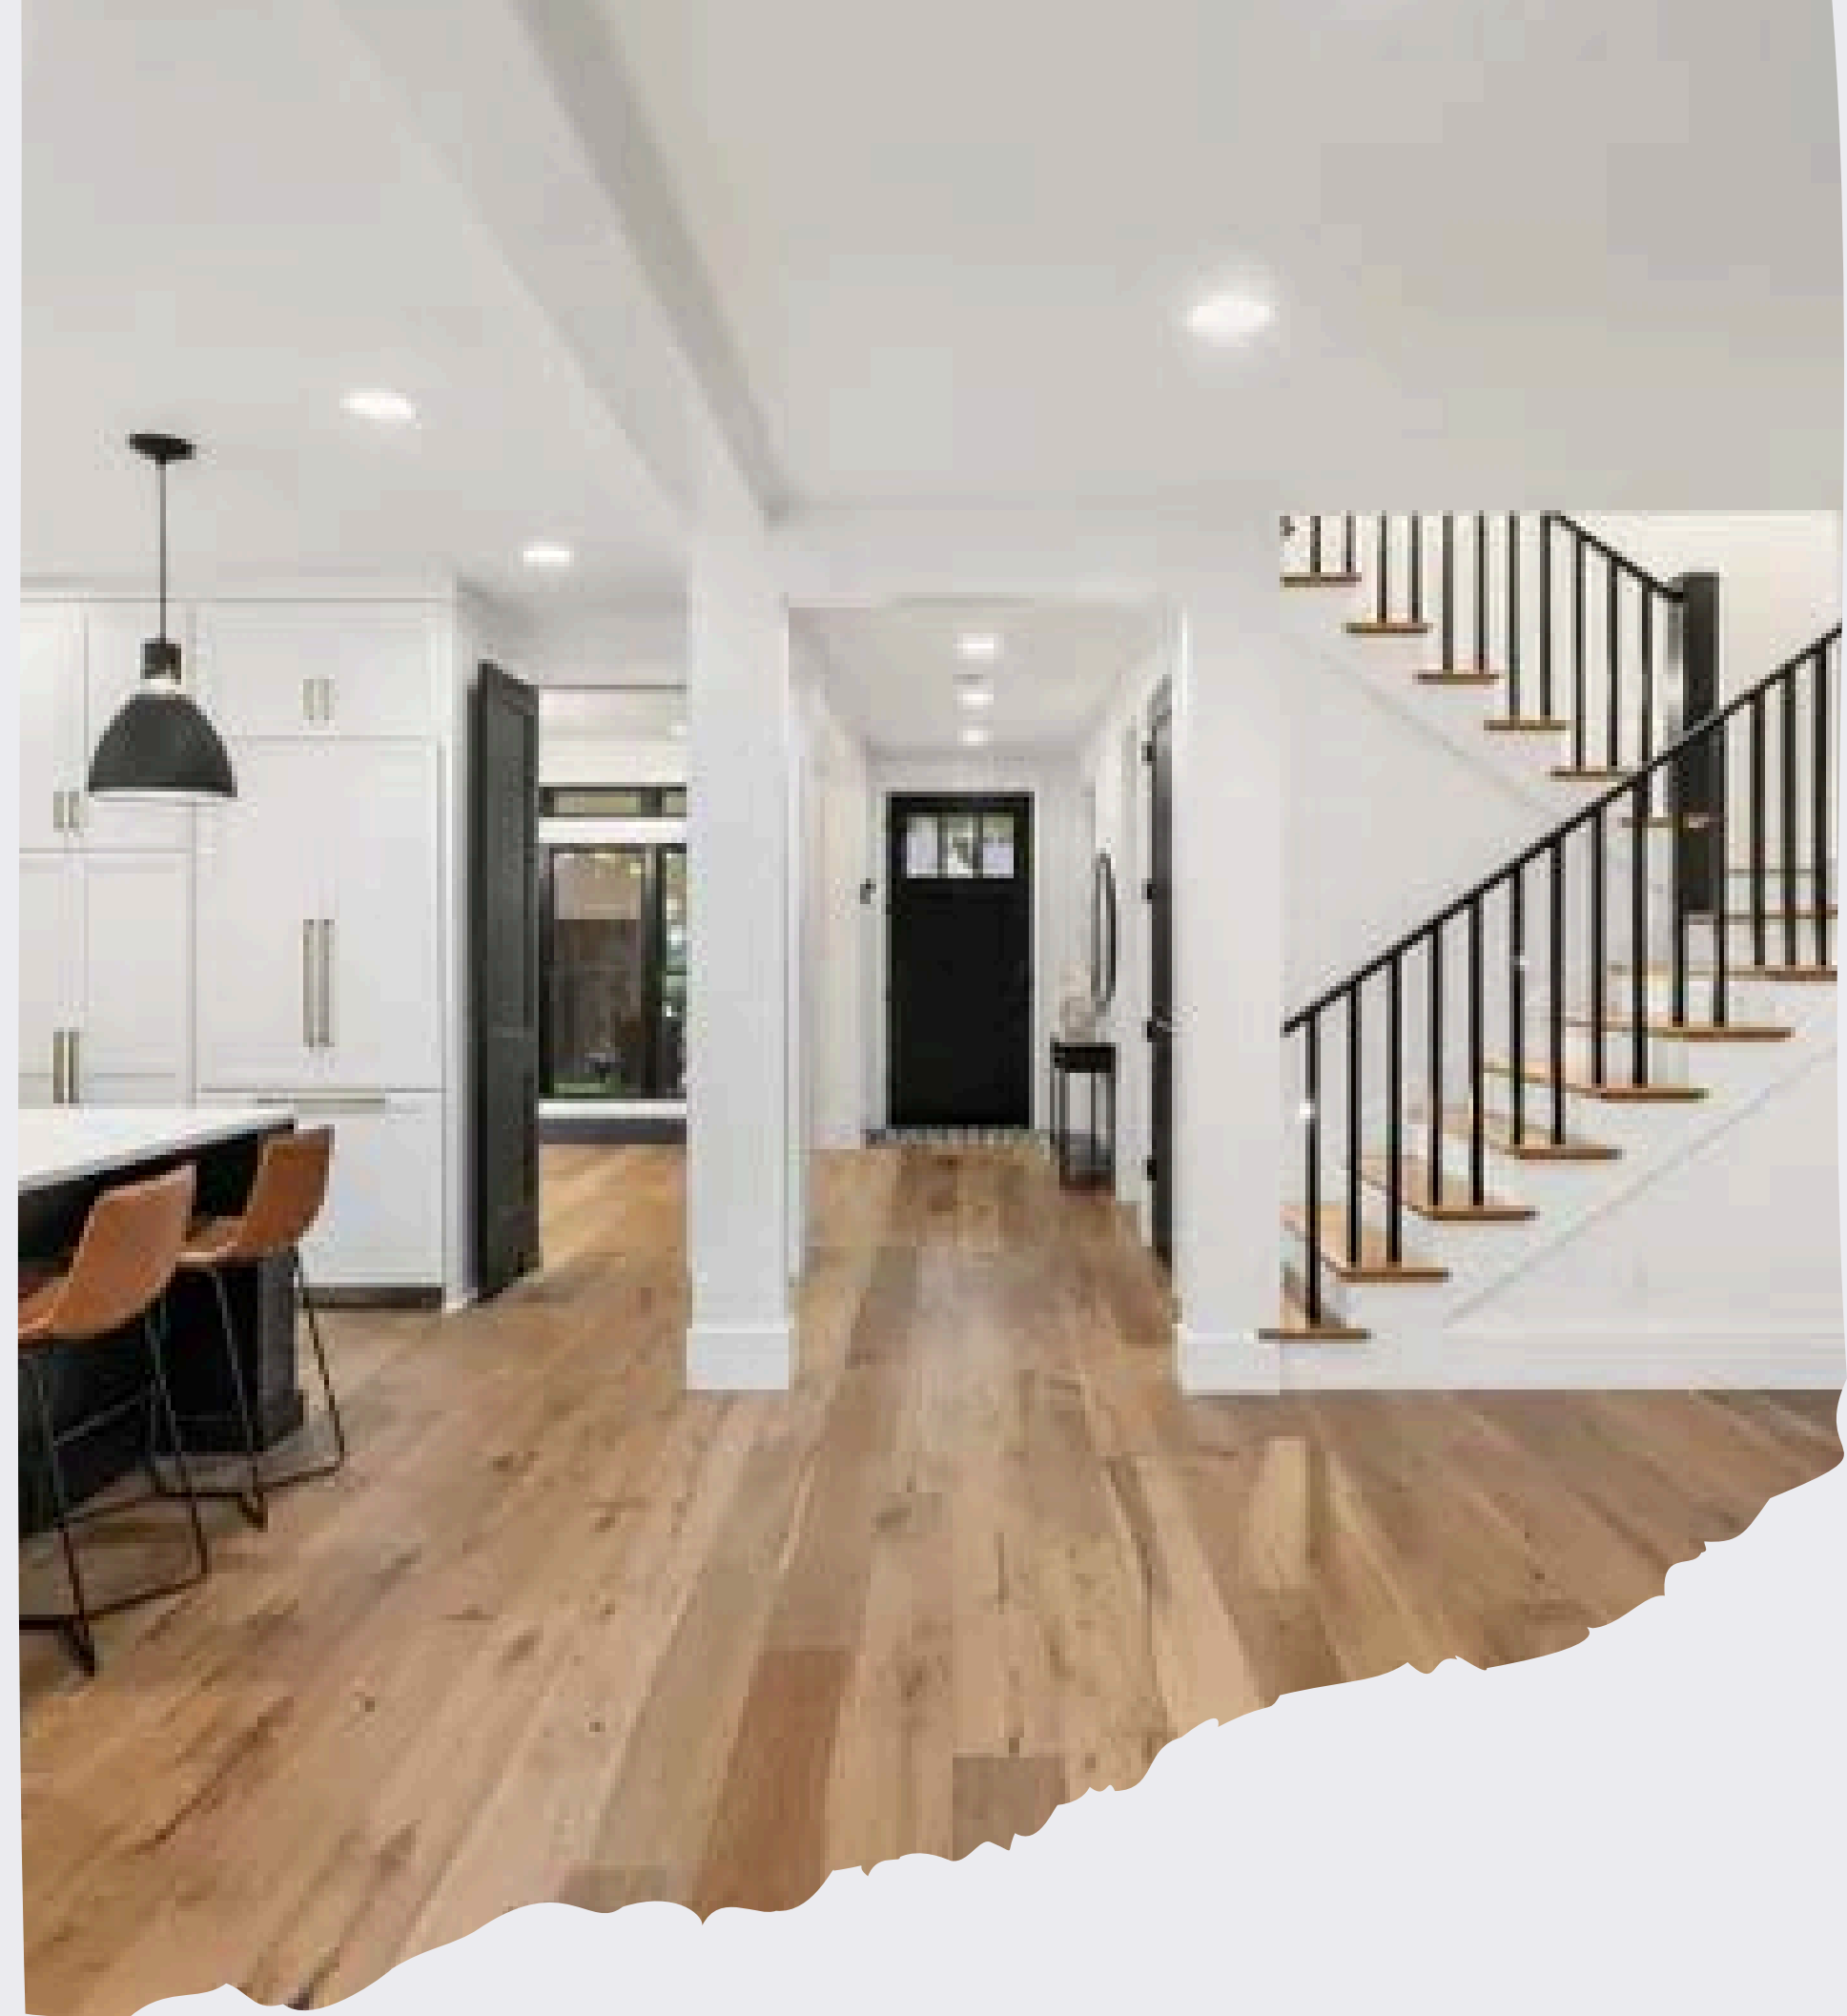

03. Beach House

Introduction: a modern, Beach house interior design captures the relaxed elegance and natural beauty of coastal living. Rooted in light, openness, and effortless comfort, this style blends organic textures, sun-washed colors, and breezy layouts to create spaces that feel both tranquil and inviting. Whether perched on a shoreline or simply inspired by oceanfront living, beach house interiors emphasize connection to the outdoors through airy rooms, expansive windows, and materials that reflect the surrounding landscape

- Minimalist Concept
- 2200' square feet

04. Morden single Family Home

Introduction: Modern single-family home interior design focuses on creating functional, stylish, and comfortable living environments that reflect contemporary lifestyles. Characterized by clean lines, open layouts, and a harmonious blend of form and function, this design approach emphasizes simplicity without sacrificing warmth or personality. Natural light, neutral color palettes, and thoughtfully selected materials—such as wood, glass, and metal—play key roles in shaping spaces that feel airy, organized, and invitin

Latoya and her crew were professional and talented. They refurbished our home beautifully. Latoya has an eye for design and could picture what we wanted even when we were unable to describe it accurately. My husband and I would definitely recommend Interior Designbylaws to bring new life to your home. We enjoyed the entire experience.

LaToya was an absolute pleasure to work with! She completely transformed my commercial space into a stunning luxury nail salon and VIP pedicure club, along with elegant hair studio suites. I never could have imagined it turning out this beautiful. Our clients are in love with the space!

Her attention to detail, creativity, and ability to bring my vision to life exceeded all expectations. From the layout to the finishing touches, every element reflects sophistication and comfort. She was professional, communicative, and dedicated throughout the entire process. I highly recommend LaToya to anyone looking to elevate their space—she is truly a design genius!
