

# Kelly BELLEFUIL - Bernal

277 PINON RD. Del Norte, Colorado 320-979-3209

Kelly is a self-taught artist from Denver. One of my accomplishments was working on the 20<sup>th</sup> Street Viaduct project with Martha Keating and Bob Luna. The project features the history of Colorado and Denver with mosaic tiles. Hand painted tiles by local children and adults surround the murals giving it a unique shared community experience. I also worked with Martha and Bob on a Denver project for the Family Crisis building and the Children's Hospital. These projects consisted of sculptural carved mosaic tiles of animals, dinosaurs and food. I also show my work in libraries, galleries and local business. My favorite mediums are oil, watercolor, pastels and woodcuts. I love to go outside and paint the landscapes and old buildings which is called plein air. I interrupted my pursuit of art to go to college at Colorado State University. I received a Bachelor of Science in Technology Education Training with a teaching certificate.

## Experience

Substitute Teacher for Denver Public Schools

2001 to 2016

- Substituted in Denver schools in early childhood to High School.
