

## About “Put a Pin in It”: Heartspace Interiors' Design Concierge Service

Love your Pinterest boards but wondering how to make them a reality? With Heartspace Interiors’ “Put a Pin in It” service, you can finally bring your dream space to life without the overwhelm of searching for the perfect pieces or juggling endless browser tabs.

We start with a fun and productive 90-minute consultation (\$395), where we’ll pour over your inspiration ideas, wish lists, and design details. Think of it as a design jam session to clarify your vision! If painting is part of your plan, I’ll also help refine a cohesive colour story to ensure your space feels beautifully unified. During the session, I’ll take key measurements and snap photos so we have everything we need to move forward seamlessly.

From there, you can sit back and relax as I dive into curating a customized purchasing plan (\$1,895). Using your inspiration as my guide, I’ll either source the exact items on your list or suggest appropriate alternatives. **Here’s what you get:**

- A concept board with two polished design plan options.
- All the ordering details you need, complete with delivery timelines and pricing.
- A designer approval letter that you can share with vendors for potential discounts.
- A basic space plan to ensure your choices fit beautifully into your home.

“Put a Pin in It” is perfect for anyone who knows their style and is ready to take the next step with a little professional support. It’s fun, stress-free, and designed to make the most of your vision, while saving you time and simplifying the process.

**Because your dream space shouldn’t just live on a screen: it’s meant to thrive in your home, the true heart of your life.**
