Educational Philosophy

KSU has designed its curricula with three major outcomes in mind. Each of the outcomes focuses on the cognitive, volitional, and affective aspects of each student's personality. At the same time, our goal is to develop each student professionally: in theory, skill development, and spiritual formation. At the point of receiving their respective degrees, each of our graduates should have:

- (1) received an academic foundation of theological and biblical knowledge that equips them: for a life of effective ministry, and given them the ability to translate their educational experience into a lifetime of learning;
- (2) acquired those skills necessary for effective ministry in today's church that finds itself located in contemporary society;
- (3) caught the vision of becoming a pastor who by example and through teaching, leads the congregation into the life of being a servant, first to each other, and then to the society around them; and that authentic spiritual leaders place loving God and the people they serve as their first priority.

Educational Goals

Out of its educational philosophy, KSU has formulated four primary educational goals:

- (1) to inspire students to cultivate their intellects,
- (2) to encourage students to sharpen their ministry skills,
- (3) to guide students in the development of their spiritual lives, and cultivate an intimate relationship with God through Christ, and
- (4) to aid students in building a sense of social responsibility, first in their families and then in all of society.

We are a Bible-based, Christ-centered institution of learning, and are dedicated to teaching and training Christian leaders for the mission of advancing the kingdom of God. Every graduate of KSU should be able to communicate the message of Christ, and be capable of teaching others to do the same.

Confession of Faith

All of our courses are academically taught from a Christian worldview and are based on a biblical foundation. We believe that the Bible is the true and inspired Word of God, and that it is superintended by the Holy Spirit without whom we would not understand its significance for our lives. Further, we believe that the Holy Scriptures are the final authority in all things concerning matters of faith. We also believe in the Triune God: Father, Son, and Holy Spirit, who is personal, eternal, and holy, through whom everything lives, moves, and has its being.

We believe in the Virgin Birth of Jesus Christ; that in the flesh He was the manifestation of the Godhead bodily; that Jesus Christ is truly God and truly human, and the only mediator between God and humanity; that the death of Jesus Christ on the cross of Calvary was the only sacrifice sufficient to atone and forgive the sin of the whole world, to give soul-healing and eternal life to those who believe on Him; that Jesus died, was resurrected, ascended into heaven, and is presently interceding at the right hand of the Throne of God; and that Christ will come again to earth, and His appearance will be personal, visible, and premillennial.

We believe that the Holy Spirit reveals Christ to people and enables them to receive Christ as their personal Savior, and that He dwells in the believer making it possible for believers to be filled and grow in grace and power in their Christian lives and in their ministries.

We believe that humanity is fallen and totally depraved, and that each person needs to be regenerated by the Holy Spirit and reconciled to God through Christ. By the power of the Holy Spirit, the believer can be sanctified, cleansed, and empowered for a life of holiness and ministry. We also believe in the spiritual unity of all Christians in Christ.

STUDENT LIFE AND ACTIVITIES

Student Government

The student body at KSU is a Christian community of future church leaders, and their governments with Christian standard are autonomously organized and operated by the students under the supervision of Christian academic director. Their governments work closely with faculty members and advisors to arrange all student activities. The schools encourage the student leaders to establish a meaningful Christian fellowship among the students that expands their spiritual experiences and enhances their present and future ministries in the Kingdom of God. The rules and regulations for the proper operation of the student governments are included in its student regulations separately.

Prayer and Devotions

Each class will begin with devotions, including a hymn-gospel song and a prayer, and end with prayer. We will always fix our eyes upon God, and tune our hearts to His heart in prayer as a normal part of our daily worship at the school. We believe that prayer, both private and collective, is a vital spiritual discipline for all our students, faculty, and staff. We have scheduled a regular chapel hour on every Monday at 11:00 a.m., and a prayer retreat once a semester for our spiritual formation.

Local Church Activities

All students are encouraged to be active members of a local church, regular in attendance, and diligent in Christian ministry concurrent with their studies. Students will receive rich ministerial experience in practical church ministry.

Conduct and Appearance

Our students are encouraged to live simple and holy lives that reflect the glory of God to all who know them, and that engender the respect of others for the Christ whom we serve. Our students are also encouraged to exercise modesty, simplicity, and neatness of dress.
