

WELCOME MESSAGE

WOW, week one of term 3 is already complete – the year is flying! This term is shaping up to be a big term with numerous events planned for our families, before we march into Term 4 – the start of the “summer” period.

A warm welcome to all the new families who have joined the AquaJets family, we hope you enjoy your time at our swim school.

As always, our thanks to all the families who re-booked in for Term 3, we have never experienced such amazing term to term booking consistency.

As always if you have any questions regarding the program or your child’s progress please do not hesitate to speak with one of us at the pool.

Yours in swimming - Brian, Bern & Bella.

LATEST NEWS

PROGRAM NEARING MAXIMUM CAPACITY

What is one of the ways our swim school is different to others? We have capped our program at 300 students. We believe that this will allow us to deliver a more personalised and intimate experience as well as the highest possible level of customer service, swimming tuition and guaranteed consistent instructors. Thanks to the support of everyone who is enrolled we now have less than 50 places left for new families before we begin a wait list.

MAKE UP LESSONS

We have received several questions regarding make up lessons and how this process works. Industry norm is families obtain a medical certificate for a child’s sickness and a make up lesson is offered. Our process is not as stringent as this. To help clarify, a copy of our make up policy which will explain the process for everyone will be emailed to all families.

PROGRESSION

“How long will it take for my child to learn how to swim?” This is an unanswerable (individual) question as every child learns in different ways and at a different rate. Our program is designed to teach all children sound and strong swimming technique with incremental addition of distance – skill development over distance.

Level 1 – Seahorse: 5m

Level 2 – Turtle: 7m

Level 3 – Seal: 12.5m

Level 4 – Shark: 12.5m - 25m

Dolphin: 25m repeats

It has always been our model to progress swimmers in “real time” and not assess once or twice a term, thus allowing swimmers to move through the program as quickly as their skill development allows.

IMPORTANT DATES

Grandparents Week:
Mon 12th – Sat 17th Aug

Swim School Carnival
Sun 15th Sep

Swim School right at your finger tips!

NEW SKILLS

Consistent and repetitive practice are the building blocks for teaching people (any) new skill. This term existing families will notice several new skills and teaching drills added to some levels. These drills have always been an integral part of our program and are used to help make your children more efficient and technically correct. Some of these are challenging and do take some time to master, but once mastered you will see a clear step up in your child's swimming skills.

RACE NIGHTS

Our race nights are getting bigger and bigger each term! This term we will be improving how our race nights work, and they will begin to follow some of the procedures that occur as swimming carnivals. This will start to give both swimmers and parents insight into how carnivals operate and begin preparing all our swimmers should they one day wish to move into our squad's program and compete in races.

Race Nights are open to swimmers in Level 3: Seals and above. A current list of eligible swimmers will be attached to the email sent with this newsletter. A reminder will be sent out via our app prior to each race night.

Term 3 Dates:

- Wed 31st July 5:45-6:45pm
- Wed 14th August 5:45-6:45pm
- Wed 28th August 5:45-6:45pm
- Wed 11th September 5:45-6:45pm

SWIM SCHOOL CARNIVAL

With so much interest from families regarding the opportunity to race, we will be offering a swim school carnival on **Sunday 15th September**. This will provide an opportunity for all our swimmers to participate in a variety of races which will be tailored to suit their swimming ability. A flyer will be distributed to all families shortly with all the details.

GRANDPARENTS WEEK

Once again, we will have a week dedicated to our special grandparents. We invite all swimmers to bring along their grandparents to see how they are swimming. Free tea and coffee is available for all attending grandparents.

OUR APP

A reminder to both our new and existing families to download our app. This ensures all families can stay up to date with the latest information. It also has our absentee form, several app exclusive specials and the new booking via referral.

Please remember to tell your friends that if they are interested in joining our program, have them download the app and submit a new booking via referral form. If they book into the program you receive an additional \$15 off your next term booking for each successful family referral.

DO YOU OWN YOUR OWN BUSINESS?

To help support the local businesses that support our business we ask that if you do own your own business please email us a copy of your logo and we can place this in our newsletters each term.

SOLAR PANELS

As you drive towards the pool you may notice we now have solar panels on the roof. This was made possible by the CQ Aqua Jets Swimming Club who successfully secured a community assistance grant that was offered by the Rockhampton Regional Council. Our thanks to the club and council for making the facility eco-friendlier.

CQ AQUA JETS SWIMMING CLUB

Like most other swim schools, we are aligned with a swimming club – CQ Aqua Jets. Brian is also the head coach of the club which keeps continuity for our swimmers as they progress from lessons to squad. Membership to the club is offered to all families who are enrolled in our program. There are currently two options available:

8 & Under: \$56

9 & Over (Competitive): \$121

9 & Over (Recreational): \$108

Parents: Free

The difference between competitive and recreational is;

Competitive – for those swimmers that will compete for the club at various swim meets around Rockhampton.

Recreational – for swimmers who wish to participate in club night.

Club night will commence in Term 4 at the Southside 25m pool and will only be available to all swimmers in Level 3: Seals and above who are members of the swimming club. We encourage all families who are eligible for race night to join the club. Simply see one of us and we can give you all details.
