Defeat Myeloma Run/Walk Fundraising and Social Media Tips

By registering for the Defeat Myeloma 5K, you joined a passionate community dedicated to finding a cure for myeloma by fundraising for groundbreaking research.

One thing we all have in common: We’re committed to rallying our friends, family, and community to help Fred Hutch cure myeloma. Every dollar we raise helps advance treatment, care, and cures for every person affected by this disease. And together, our impact is exponential!

Where the Money Goes
Fred Hutchinson Cancer Center unites comprehensive care and advanced research to provide the latest cancer treatment options and accelerate discoveries that prevent, treat and defeat cancer and infectious diseases worldwide.

Based in Seattle, Fred Hutch is an independent, nonprofit organization and the only National Cancer Institute-designated cancer center in Washington. We have earned a global reputation for our track record of discoveries in cancer, infectious disease and basic research, including important advances in bone marrow transplantation, HIV/AIDS prevention, immunotherapy and COVID-19 vaccines. Fred Hutch operates eight clinical care sites that provide medical oncology, infusion, radiation, proton therapy and related services and has network affiliations with hospitals in four states. Fred Hutch also serves as UW Medicine’s cancer program.

The Defeat Myeloma Run/Walk has raised over $1 million to support Dr. Damian Green’s research efforts. Dr. Green develops new immunotherapies that harness the power of the immune system to treat and ultimately eradicate multiple myeloma.
