## **30. Transition Policy**

---

### **30.1 Transition Policy: Transition to School**

When a child is at an age of starting school. No general guidance should be given about when the children should start school – it is the decision of the parents. If appropriate, individual guidance may be given, when requested.

Staff ensure that parents/carers are aware of school application deadlines and will liaise with local schools about open days and tour opportunities.

Once the children have confirmed places, Milland Valley Nursery School will invite the schools to visit the children at nursery where they can observe the children and also chat to the children's key worker.

Any safeguarding concerns will be reported to the school.

All end of year reports will be forwarded on to the children's school. Permission is sought in the welcome pack.

All staff at Milland Valley Nursery school endeavour to support and parent/carers and their children for a smooth transition.

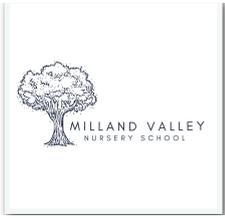

A member of staff can visit the children at school on transition days where needed to support the children and be a familiar face.

### **30.2 Transition Policy: New Child at Nursery**

When Milland Valley Nursery School accept a child who already attends or has previously attended a nursery, we will contact the nursery with parents consent to discuss progress and any safeguarding concerns via email or telephone call.

### **30.3 Transition Policy: Child Leaving for a New Nursery**

When a child leaves Milland Valley Nursery School, parents and carers are made aware that they can pass on email and telephone number to the new setting to contact us for their own information gathering.
