31. Animals and Pets at Nursery

31. Animals and Pets at Nursery

No animals or pets are to be admitted to the nursery school unless prior agreement has been arranged.

Parents are to be advised by the topic planning information displayed on the white board outside the nursery, or by separate email when animals are being brought in to the setting.

Parents to be reassured that should they not wish their child to come into contact with the animal, separate arrangements will be made to ensure their safety and well being.

The nursery will ensure that any animals on the premises are safe to be in the proximity of children and do not pose a health risk.

Checks will be made by the nursery to ensure any child with an allergy to animals will be kept safe and well.

Any child coming into contact with animals will wash hands immediately after.
