

## **Hey Westburians a friendly reminder**

We got some great puppy dogs around our neighborhood but let's make sure we are always cleaning up their messes so no one else may find them!

Garbage day doesn't do us many favors as it seems that after the ole garbage man comes to pick up the trash more of it gets blown all over our community thanks to the dumping method, but please be mindful of our own stuff as well as making sure we remind our guest to put all trash in garbage cans around our park.

**Westbury has been looking quite beautiful here lately, let's make sure we are always keeping it that way!**
