

Hackney Secondary School Suspensions - Headline Trends

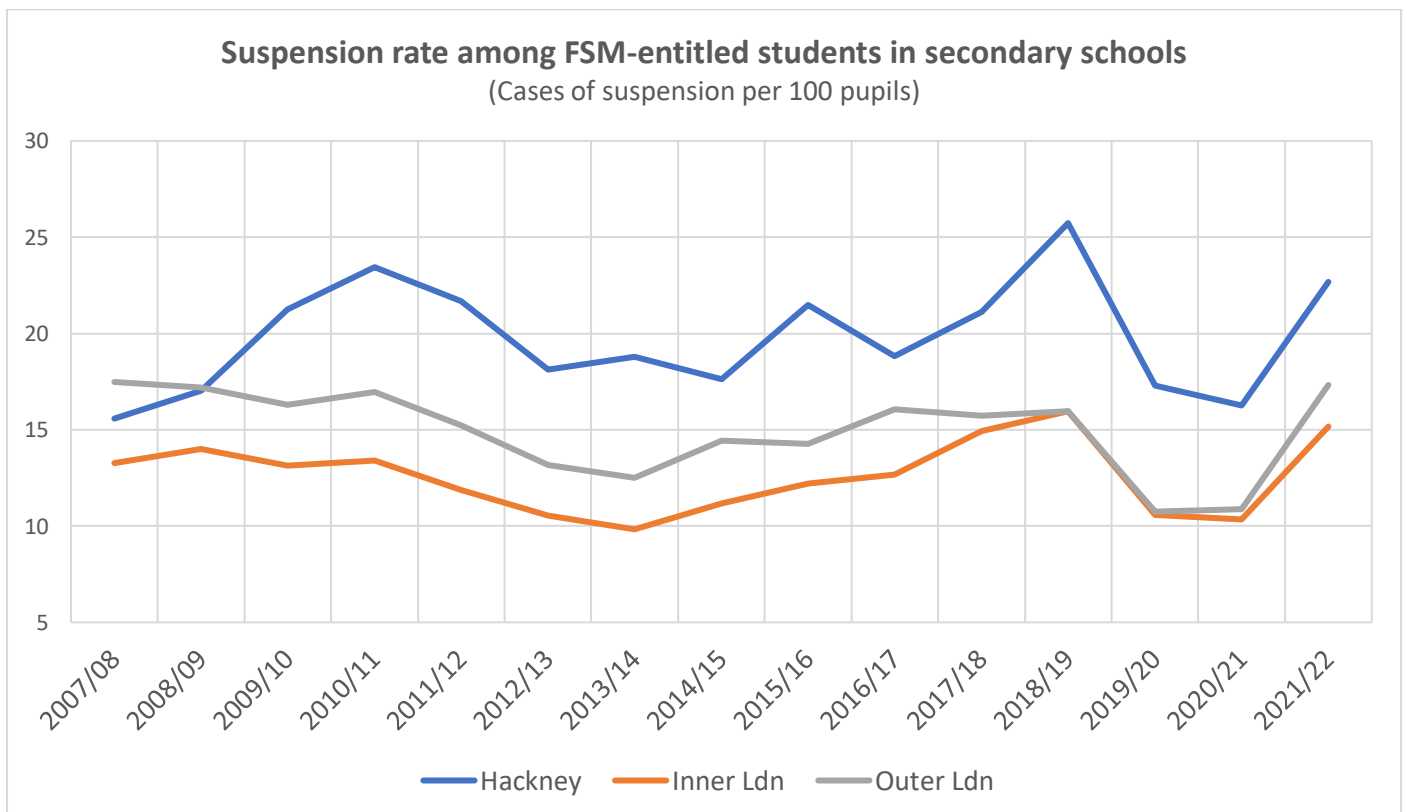

Comparing Hackney secondary suspension rates with London rates

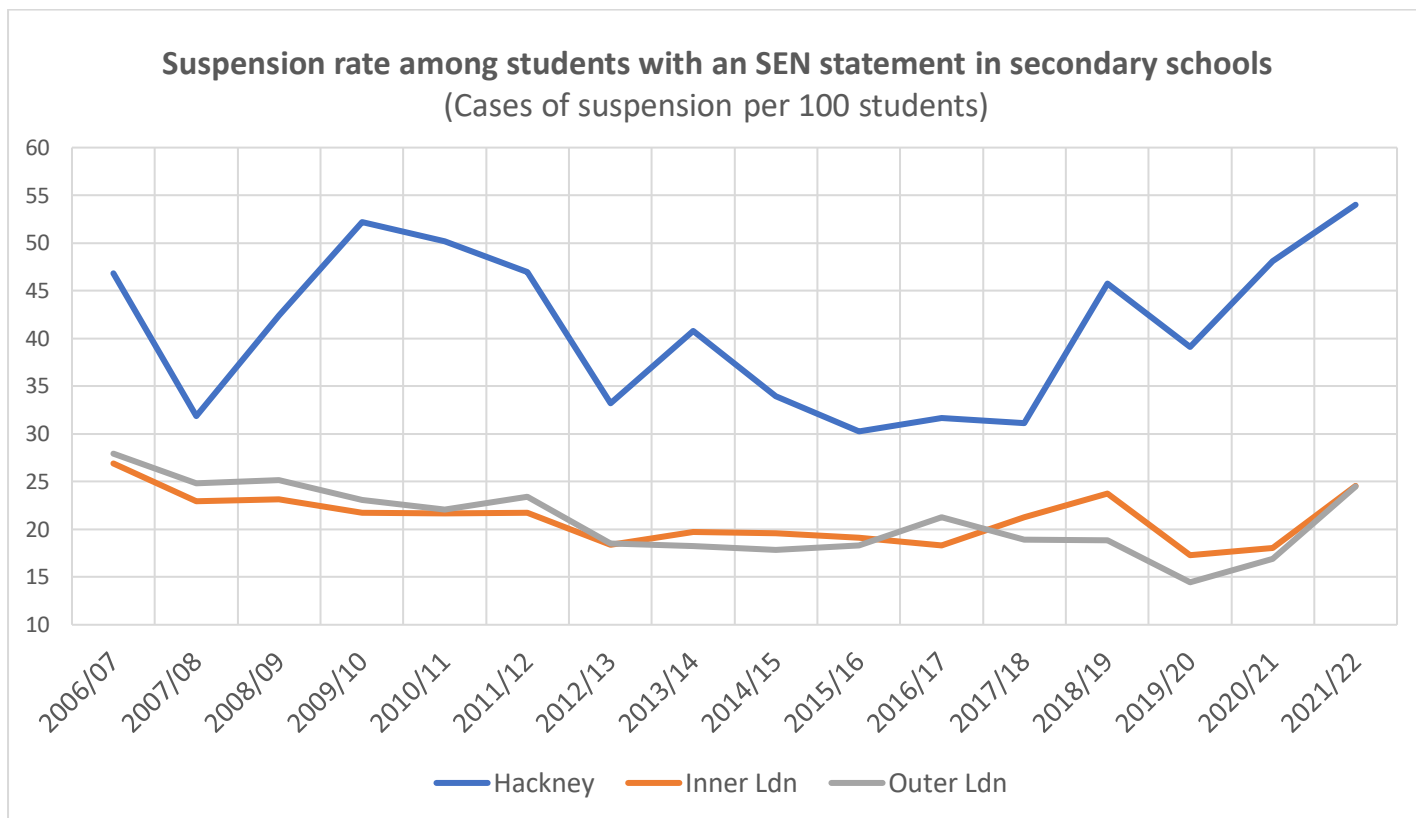

The suspension rate in Hackney secondaries has far exceeded the Inner London and Outer London rates consistently since 2006.

The suspension rate among students entitled to Free Schools Meals in Hackney secondaries for has also far exceeded Inner London and Outer London rates consistently since 2006.

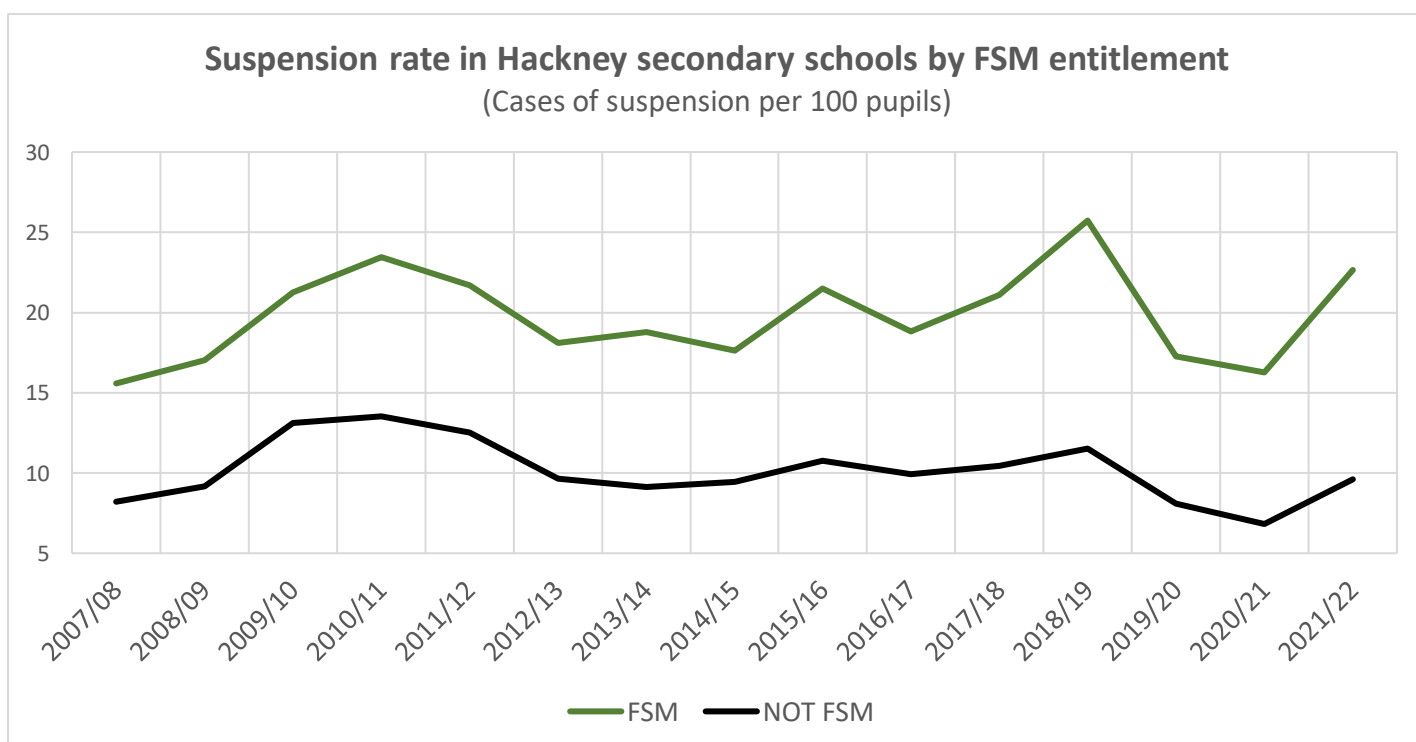

When you compare the rate of suspension among students with an SEN statement in secondary schools in Hackney with the Inner and Outer London rates, the difference is even more stark - in 2021/22 it was more than double the London rates.

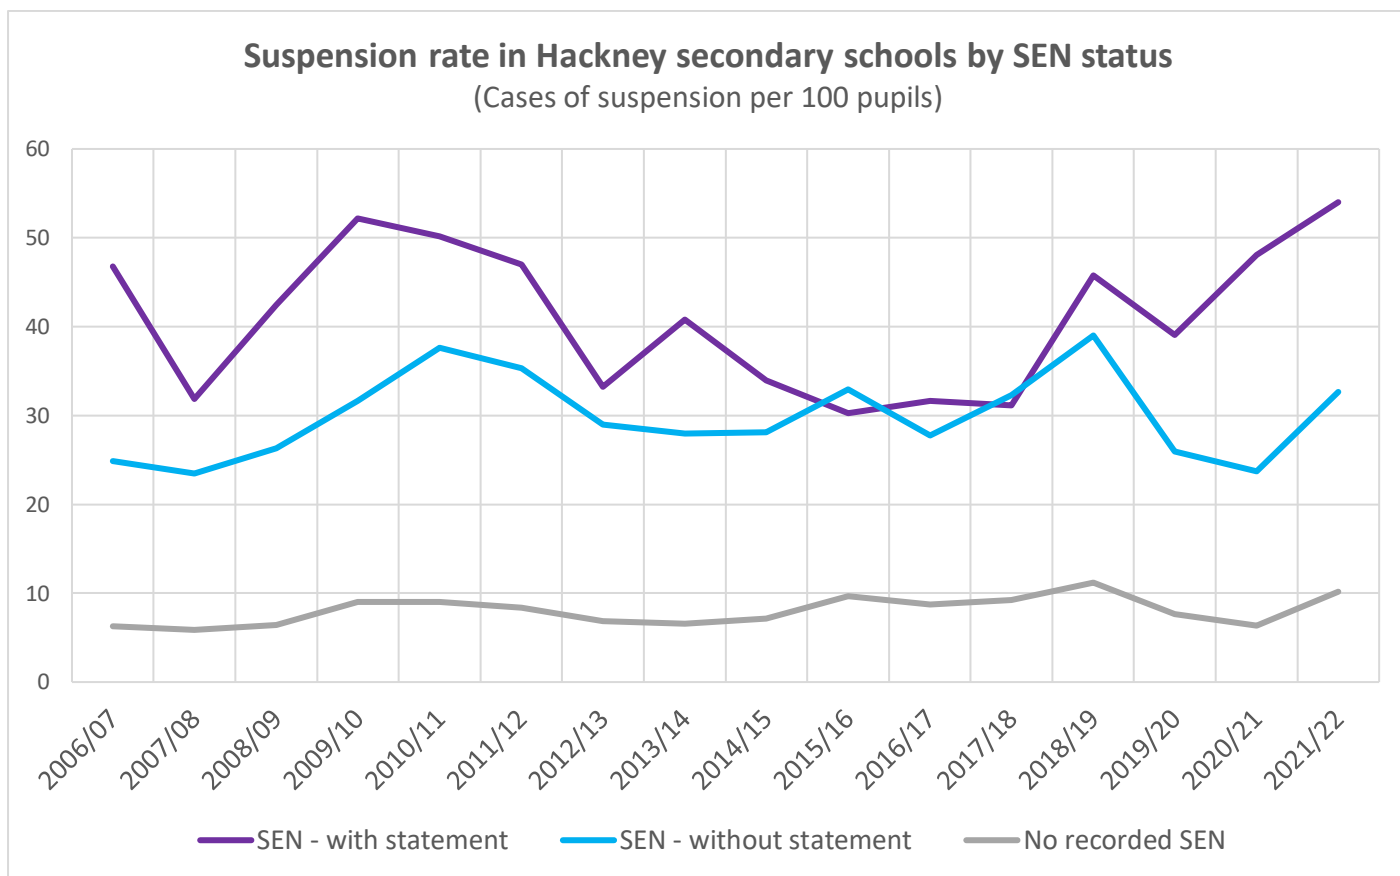

Comparing suspension rates for secondary students in Hackney who are and aren't entitled to Free School Meals, and do and don't have SEN

Students entitled to Free School Meals have around double the rate of suspension in Hackney secondary schools compared to those not entitled to Free School Meals.

Students with SEN have a significantly higher rate of suspension in Hackney secondary schools compared to those who do not have SEN. The rate among students with an SEN statement has tended to be between three and five times the rate among students without any recorded SEN.
