About Fairhill Golf Classic

Fairhill Golf Classic is a longstanding golf tournament celebrating its 23rd year. What started out as a family friendly golfing day for students and their parents, it has turned into a corporate event for the Fairhill Community. Debuting over 20 years ago in the Dallas Fort Worth Area, it has had roaring success over time and continues to grow. Each year, they welcome 60 to 100 golfers for an amazing day of golf at the beautiful Twin Creeks Golf Course in Allen. The tournament kicks off with a putting contest before each team makes their way to the course where they were able to take advantage of a few more activities. Cannons for a Cause, sponsored by the Andrea and JD Sanders family, allows golfers to shoot their golf ball from a cannon. It is a huge hit! There is also a Hole-in-One contest sponsored by one of our families. Because of generous donations from our sponsors and golfers we have raised above \$10,000 each year. Special thanks to our sponsors and golfers, who continue to support this golf tournament, and to all the volunteers (John Newton/Chairman, Wendy and Kyle Dreyer/Past Chairman) and committee for planning such a great day.

About Fairhill School

Fairhill is a private, non-profit, college preparatory school serving students in grades 1 through 12. Fairhill's primary purpose is to provide a superior education for students of average and above intelligence who have been diagnosed with a learning difference such as Dyslexia, Dysgraphia, Dyscalculia, Auditory Processing Disorder, or Attention-Deficit/Hyperactivity Disorder. Fairhill students possess the intellectual potential to succeed academically, often at superior levels. However, because of a learning difference, these students have frequently experienced frustration in traditional school environments. The result is that their past academic performance does not reflect their potential.

Fairhill School Mission

Fairhill School is a community of dedicated, caring, and experienced educators that empowers students who have learning differences. The student-centered curriculum focuses on differentiation, multi-sensory experiences, executive function development, and intervention for individualized learning needs. Fairhill fosters students' unique potential while guiding each one on their journey toward becoming confident 21st-century citizens.
