

Health & Harmony's COVID Precautions

Masks are required! All visitors must wear a clean, fitted mask over the mouth and nose at all times (we will provide one, if needed).

COVID Screening! Staff and patients are screened daily for symptoms and exposure; local outbreaks are monitored and screened out.

Clean hands! All patients must sanitize their hands before their massage (LMTs already keep their hands sparkling clean).

We even clean the air! We run our HEPA filter air purifiers in every room, 24/7. Our HVAC system is also equipped with a HEPA filter.

Contactless payment! Payments can be made over the phone or through online scheduling.

Masks are required, Part 2! All staff members will don a clean, fitted mask at all times while in the presence of patients or customers.

COVID Screening, Part 2! All staff members will have a negative COVID test before returning to work after travel.

Enhanced cleaning! Massage rooms are sanitized between patient; all other frequently touched surfaces are cleaned often.

Our lobby is closed! We are practicing social distancing, so we ask that you please wait in your car or outside for your appointment.

Contactless forms! All forms are completed on your own smart device or home computer.

Safety is our #1 priority!
