POST 591 NEWSLETTER

Free flu shots for Veterans at your local Walgreens
Get yours today!

VA and Walgreens are national partners, providing no-cost quadrivalent flu shots to enrolled Veterans of the VA health care system. Now through March 31, 2020, enrolled Veteran patients nationwide have the option of getting their flu shot at any of Walgreens' 9,600 locations, in addition to their local VA health care facilities.

How do I get my flu shot for free at Walgreens?
No appointment is required. Simply go to any Walgreens, tell the pharmacist you receive care at a VA facility, and show your **Veterans Health Identification Card and another form of photo ID.** (Patients will also be asked to complete a vaccine consent form at the time of service.)

Free flu shots to VA-enrolled veterans at your local Walgreens

Walgreens has the capability to electronically send vaccination information to the VA and your immunization record will be updated in your VA electronic health record.

The VA-Walgreens national partnership is part of VA's e-Health Exchange project. This national program ensures that many Veterans get their no-cost flu shot at their local Walgreens, satisfying their wellness reminder because they either found it more convenient or did not have a scheduled appointment at a local VA health care facility.
