

## On My Mind

Hello Residents Near and Far,

As the winter comes to a close and Spring arrives our community takes on a new look. It has been a great winter at the Meadows with activities at every turn. The parties were over the top. The whole community looks great and looking better every day. Jimmy and his band of merry men have put up new ceiling fans in the clubhouse, repaired hundreds of sprinkler heads, even repaired 2 huge master sprinkler valves. It has been hard work but it shows.

As you all know we will be painting the houses at the end of this year. The project is now underway. Watch your mail for information on what steps you will need to take to be ready for paint in October. If you do receive notice of changes needed make arrangements to do the work or have it done if you are away for the summer.

We are also moving to more and more digital information heading your way. Our email system is gathering information to help us all be informed no matter where we are. Information will be available and you may opt out of any or all types of the email information coming to you from us. One of our newest board members Jackie Wright is heading up this project along with the Newsletter, the website, and the 2024 Directory. If one of your neighbors is not getting these emails tell the office.

Tony (our treasurer) has completed the Zelle payment account for your quarterly maintenance payment. Tony also installed programmable thermostats in the clubhouse installed the new microphones.

Always Lock your cars and keep your lamppost lit at night!

Our last meeting before the summer break will be May 8<sup>th</sup>. Safe travels and have a wonderful summer.

Bill Morris  
President
