

Fernando Perez
Pentagon Technologies
21325 Cabot BLVD
Hayward, Ca 94589
October 15th 2022

To Whom it May Concern:

My name is Fernando Perez, the Inventory Control Clerk at Pentagon Technologies. A position that would not exist without the imagination and creativity of Mr. Dion Ross. I have been working in the supply chain field for three months and Mr. Ross saw something in me that makes me believe that I can learn and grow in this industry.

Working with Mr. Ross inspires not just myself, but the other employees around him. For the short amount of time I have been working at Pentagon Technologies I have seen Mr. Ross take great pride in his work and his employees. He is thoughtful, encouraging, and knows how to get the absolute best out of people. His leadership, professionalism, and personal skills would be an ideal fit to any company.

On my first day I learned how organized and prepared Mr. Ross is. He does not skip out on details and is a fantastic problem solver. He thinks outside the box in finding solutions. At one point our buyers had an issue finding available chemicals and Mr. Ross was the first person to step up and find the needed chemicals. If 110% was in the dictionary, it would have a photo of Mr. Ross next to it.

Mr. Ross welcomes challenge head on and does not shy away from it. It is my belief that he will excel at whatever opportunities come his way.

I am available for contact any time regarding Mr. Dion Ross' an in-depth review of his qualifications.

Sincerely,

Fernando Perez
Inventory Control Clerk
