## CT-1Jet Washdown Printer ~

Solvent Ink for Harsh Industrial Environments

New printers with IP65 rating for Industrial Environments have been released. Washdown inkjet printer is designed for harsh environments including high temperatures and wet integrations. Suitable for use on form, fill, seal machines. Washdown unit prints on cryovac, Bemis and other barrier films. The printer withstands 195° steam shrink tunnels. Available ink colors include black, white, blue and red. Compact printer and controller in one unit, with power and data over ethernet. Ultra low VOC non-MEK inks.
