INTRODUCTION TO PRICING A FIBERGLASS BASIN PACKAGE

- * There are two options: Hard Piped with no panel needed OR Rail & Panel system
- * The next two pages detail each style, what is included, how to price and what type pump to order

Hard Piped System (with basin package, pump, piggyback float and high water alarm)

The only way to use Hard Piped system is with a 1 phase pump that has a 3 prong plug (choose from 3 types of pump). The next page deals with all components associated with the basin and the pricing.

Here are the steps when choosing your package:

- 1) Choose a Simplex basin and the basin size
- 2) Select your 1 phase pump with a cord that accepts the piggyback float to use with your basin package
 - Grinder - PGPP or PGPH
 - Sewage Ejector - 2" or 3"
 - Effluent - 2"
- 3) There are two prices to add together for COMPLETE pump and hard piped basin package
 - o Basin Package
 - o Pump

Pipe Rail Simplex/Duplex (with Rail & Panel System of basin package, pump(s) and panel)

Use this option when you want a panel instead of piggyback float.

There are several options to choose with this system.tion.

- 1) Basin package selection
 - Simplex or Duplex
 - Panel Operated (Rail system uses panel; Hard Piped does not)
- 2) Pump or Pumps
 - Do you want a Grinder, Sewage Ejector or Effluent
 - Determine if you want 1 or 2 pumps (simplex = 1 pump and duplex = 2 pumps)
 - Note the Full load AMPS for 1 pump
 - Note discharge of pump
 - o 1-1/4"
 - o 2"
 - o 3"
 - Confirm the Basin discharge is consistent with the pump discharge
- 3) Pick a Panel (without contactors for moisture sensor OR with contactors)
 - Determine Voltage & Phase
 - Determine if Simplex or Duplex
- 4) There are three prices to add together for COMPLETE pump and basin package with panel pricing
 - o Basin Package
 - o Pump(s)
 - o Panel

**** PUMP NOT INCLUDED IN PACKAGE ****
See Pump price pages for selection and price / order separately

Hard Piped System - NO Panel Necessary

The following pricing deals with all components associated with the basin. Here are the steps when choosing your package:

- 1) **Choose** a Simplex basin and the basin size
- 2) **Select pump:** the 1 phase grinder - PGPP/PGPH; 2" & 3" sewage ejector; or 2" effluent pump with a piggy-back cord (for Hard Piped System) to use with your basin package

Each hard piped system includes: · fiberglass basin & cover · 2" bug vent · 4" PVC inlet fitting · bulk head discharge fitting · ball check valve & gate valve · poly lifting rope · high water alarm & float · hard pipe assemblies & assembly labor.

The vertical discharge pipe within the basin will have to be cut to length for alignment purposes with the horizontal discharge pipe.

SIMPLEX BASIN PACKAGE - HARD PIPED (NO PANEL NEEDED)

**** PUMP(s) NOT INCLUDED IN PACKAGE ****
See Pump price pages for selection and price / order separately

Pipe Rail Fiberglass Basin Package Systems

The following pricing deals with all components associated with the fiberglass basin package for a rail system package less pump and panel.

The Pipe Rail Simplex/Duplex package includes: · fiberglass basin & *cover · 2" bug vent · 4" PVC inlet fitting · polymer bulk head discharge fitting · breakaway fitting with built in cast iron check valve · 1-1/4" or 2" discharge system only (3" system check valve is separate from breakaway fitting) · float bracket · floats & weights · gate valve for isolation valves · SS lifting chains · Sch 80 piping and assembly labor

All 1-1/4 & 2" discharge basins will include Schedule 80 material for piping and PVC material for the valves and discharge fitting. 3" discharge packages will have a cast iron check and bronze gate valve. The vertical discharge pipe assembly will have to be cut to length for alignment purposes with the horizontal discharge pipe. All discharges will be 27-36" from the bottom of the basin.

Process to obtain Total System List Price

- 1) Select your Simplex or Duplex basin
- 2) Select your pump(s): Grinder; 2 or 3" sewage ejector; or 2" effluent pump(s) to use with this basin package.
Note the discharge size and full load AMPS.
- 3) Select your panel. See page 40. (Panel does not include start & run capacitor or moisture sensor.
If you require this, refer to the Versatrol panel)
 - o Select 1 phase or 3 phase

Once you have walked through these steps, you have all the necessary components to operate this basin package system successfully.

Silicon Carbide Outer Face Double Seal

Sewage Ejectors	List Price
2" SE & SEV Series - 1/2hp through 1hp	\$102
2" SE & SEV Series - 1-1/2hp through 2hp	\$153
3" SE & SEV Series - 1/2hp through 3hp	\$153

*Price indicated is for one seal. Two required if both inner and outer seal are to be silicon carbide on double seal models.

Silicon Carbide Outer Face Double Seal

Non-Clog	List Price
4SE1926L through 4SE5054	\$153
4SE4596L through 4SE11356L	\$153
4SE7524L through 4SE15054L	\$153
4SE7524HL through 4SE15054HL	\$153

*Price indicated is for one seal. Two required if both inner and outer seal are to be silicon carbide on double seal models.

Tungsten Carbide Seals (Optional)

3SE Series Sewage Ejectors	List Price
3SE514L through 3SE1044L, 3SE1022L through 3SE1042L	\$927
3SE1524L through 3SE2044L, 3SE1522L through 3SE2042L	\$531
3SE1524DS through 3SE2044DS	\$531

*Price indicated is for one seal. Two required if both inner and outer seal are to be tungsten carbide on double seal models.

3SE Cord Length Adders

	30 ft (or 40 ft)	50 ft	100 ft
208V and 230V	Standard	\$148	\$407
460V and 575V	Standard	\$113	\$225

Temperature Sensor for 3 ph only, if required

Standard, Pipe Rail or Adapter for Non-Clog Pumps

1

Model	Part No.	Description	Weight (lb)	List Price
BAF-4x4 2	128281	For 4" non-clog, Std. & X-pruf, Steel	161	\$1,778
BAF-4x6	128280	For 4" non-clog, 6" riser, Std, X-pruf, Steel	169	\$2,022
Adapter to fit competitor base elbows	083922	4" Hydromatic adapter, 4SE4526L thru 4SE15044L	35	\$1,206

1

Consult catalog for what is included in each assembly.

2

Note: BAF-4x4 replaced both BAF and BAF-E4. See catalog page for details.

Existing BAF-4 and BAF-E4 will both have parts and slide rails available; see parts catalog.

Note: Parts from BAF4x4 are not compatible with BAF-4 and BAF-E4.

NOTE: Guide rails are not included with Break Away Fittings and are supplied by others.

Intermediate Rail Supports - Non-Clog Pumps

Part No.	Description	List Price
131307	Used with BAF-4x4 P/N 128281	\$504
131308	Used with BAF-4x6 P/N 128280	\$518

The intermediate guide rail support is required for every 13 feet of guide rail.

Mount the intermediate between each section of guide rail pipe, by inserting each pipe over the nipples of the intermediate. Next secure the intermediate to the discharge piping. Be sure to keep the guide rails from warping and keep them parallel and perpendicular.
