

Dear Friends and Supporters,

Thank you for taking a moment to read this letter. It has been my honor to serve the citizens of Sedgwick County as your District 1 Sedgwick County Commissioner. We have filed to run for re-election this November. I do not have a primary opponent, which I appreciate the trust that Republicans have in me to be the only GOP candidate.

However, there is a Democrat opponent who has filed for the November election. She was recruited by the local left-wing democrats. There is a clear difference between the two of us. Conservative principals, law and order, business friendly, proven history of positive success in our region are just a few of what I have to offer, that my opponent can NOT claim, and actually is the opposite.

That said, I am proud that I have represented you and our community with a business approach to local government. That is what I promised and what I will continue to do.

As we campaign with great excitement and integrity, we also must realize the local Democrats are organized and engaged in extreme social media and digital marketing against not only me, but all 3 of the Republicans in this County Commission race. If the democrats win a majority, you will witness a further degradation of our community that we have seen from our City Council leadership. Our team is prepared to run a lean, responsible and successful campaign made up of trusted friends, business associates, and volunteers with special attention to grassroots efforts. ***The rules for County Commission allow for individuals and businesses to contribute up to \$500.*** If you are willing, please consider a contribution to grow our campaign and remit to the address below, or submit on-line at our web site www.PeteForSedgwickCounty.com.

Thank you for your consideration. We need an experienced and financially responsible approach to manage and grow our community for the betterment of all citizens. I look forward to serving you on the Sedgwick County Commission; taking on challenges, embracing opportunity, and improving this place we call "home." Please feel free to call me with any questions or concerns.

Best Regards,

Pete Meitzner
