CAVEATS/EXPLANATIONS/DISCLAIMERS

Data is taken from each institution's 2022-2023 CDS unless otherwise noted. We attempted to contact each institution whose 2022-2023 CDS was not publicly available. Some do not use the CDS or similar database, some did not respond to our requests for data, and a few refused to share their data. Institutions that have not responded to our request are left blank in this chart, and empty fields are the result of missing data points. Institutions that have not responded to our data requests for several years have been removed.

The information in each institution's Common Data Set is compiled by humans, as is this chart. Errors will be made, and we apologize for any we may be responsible for. If any are found that misquote an institution's Common Data Set entries, please let us know by contacting information.bigj@gmail.com. If verifiable numbers are required, we suggest you contact the institution directly.
