### PREPOSITIONAL CONCEPTS ACTIVITY

**Directions:** Each child receives five (5) different colored ghosts, and one game board. Adult provides prepositional directive, and children place their ghost accordingly. Once all five ghosts are placed, children compare boards to see if they are similar. Variations: Use more than five ghosts, and pair an amount with each directive ("Put two red ghosts below the pumpkin."); Have children work in teams, taking turns giving each other the directives; Have one child lead the class by providing directives; Reverse the game by having children remove specified ghosts from there game board ("Take the ghost that's above the tree away.")
