## REINFORCER PRINTABLES

Using a separate basket of small reinforcers that represent apples (pom poms, buttons, pennies, apple images, etc.), have children try to complete filling in the tree as they earn apples for completing speech and language directives.

## REINFORCER PRINTABLES

Have children "earn" animals found in the story as they complete directives. The animals can be kept in the fenced area and placed on the Farmer's barn, or kept separately and added to the fenced area. [Use the photos below, or small plastic toy animals.]
