

I want to play, and you want to play  
We can play together  
I want to play, and you want to play  
So we can play together

I have a thought, and you have a thought  
We can think together  
I have a thought, and you have thought  
So we can think together

I have a plan, and you have a plan  
We can plan together  
I have a plan, and you have plan  
So we can plan together

*Chorus*

If we can **think** it  
We can **plan** it  
If we **plan** it  
We can have fun together!

*Make a copy of the thought bubble for each child  
& adult, laminate, and attach to a straw or  
popsicle stick. Children can hold up the thought  
bubble and "combine" their thought with a peer's  
thought!*
