plans to construct and use an Accessory Structure (storage building) described as (size/dimensions/colors of building) _____ on the premises described as (address) _____ containing _____ acres (# of acres more or less) as recorded with the Fairfield County Auditor.

Parcel number _____

Stated use of Accessory Structure _____

Detached Accessory Structure (storage building): Affiant states he/she will construct a detached Accessory Structure (storage building) on the above property, that such structure shall only be used for agricultural purposes, and that the proposed structure will not be used for personal or business use. While it is not required, it is strongly suggested that the affiant construct the building to conform with the regulations of Section 10.3 of the Liberty Township Zoning Resolution.

If the building should ever not be used for agricultural purposes, then the applicable fees, regulations, and restrictions for the construction of non-agriculture Accessory Structure shall apply, including the possible removal of the structure.

To claim an agricultural use exemption from the Liberty Township Zoning Resolution, agriculture must exist on the parcel prior to the construction of the Accessory Structure. There shall be no exceptions to this requirement.
