ABOUT BRICKMAN

Brickman Allen is an international speaker, author and creator of the #LiveOutside method of experiencing each aspect of life. A process of Living Outside of Expectations, Outside of Limits, Outside of Fear and Hate and ultimately living life focused outward by Living Outside of One's Self.

With the tough name Brickman, and being one of the smaller in his age group Brickman was an easy target for bullies throughout his school years. Overcoming depression, anger, hatred and suicidal thoughts Brickman now calls his last years of school some of his happiest memories.

After one year of marriage, Brickman and his wife Malinda were attacked while asleep in their home. With less than a 10% chance to live and doctors predicting a 6 month hospital recovery Brickman walked out of the hospital a short 9 days after being attacked.

Due to his injuries, Brickman was told he would never run a marathon. He never considered himself a runner and with no previous desire to run 26.2 miles, the words would haunt him until early 2021 when he would complete the task

An international speaker, Brickman has spoken to audiences of all ages all over the world. His unique story captivates audiences and inspires them to realize a greater purpose in living

Author of the book The Bully Guard. A unique autobiography and instructional book for teens that inspires and helps them to overcome the unique challenges of growing up in today's world of separation and technology

Brickman's a husband, father and a cowboy who is passionate about bringing an old school approach of integrity, ingenuity, self reliance combined with loyalty and forgiveness that creates a Live Outside approach to all aspects of life's journey.

“I have three teens (16, 14 and 13, two boys and a girl), who were truly inspired by Brickman’s message. To be able to reach and impact all of them equally despite their age and gender differences is amazing.”

CHOSEN FOR THIS

Life isn't always fair, but that's why we're equipped to tackle its challenges.

LIVE OUTSIDE LIMITS

Imagine being told you have less than a 10% chance of survival and a six-month recovery ahead, only to defy those odds and walk out of the hospital in nine days. That's Brickman's story.

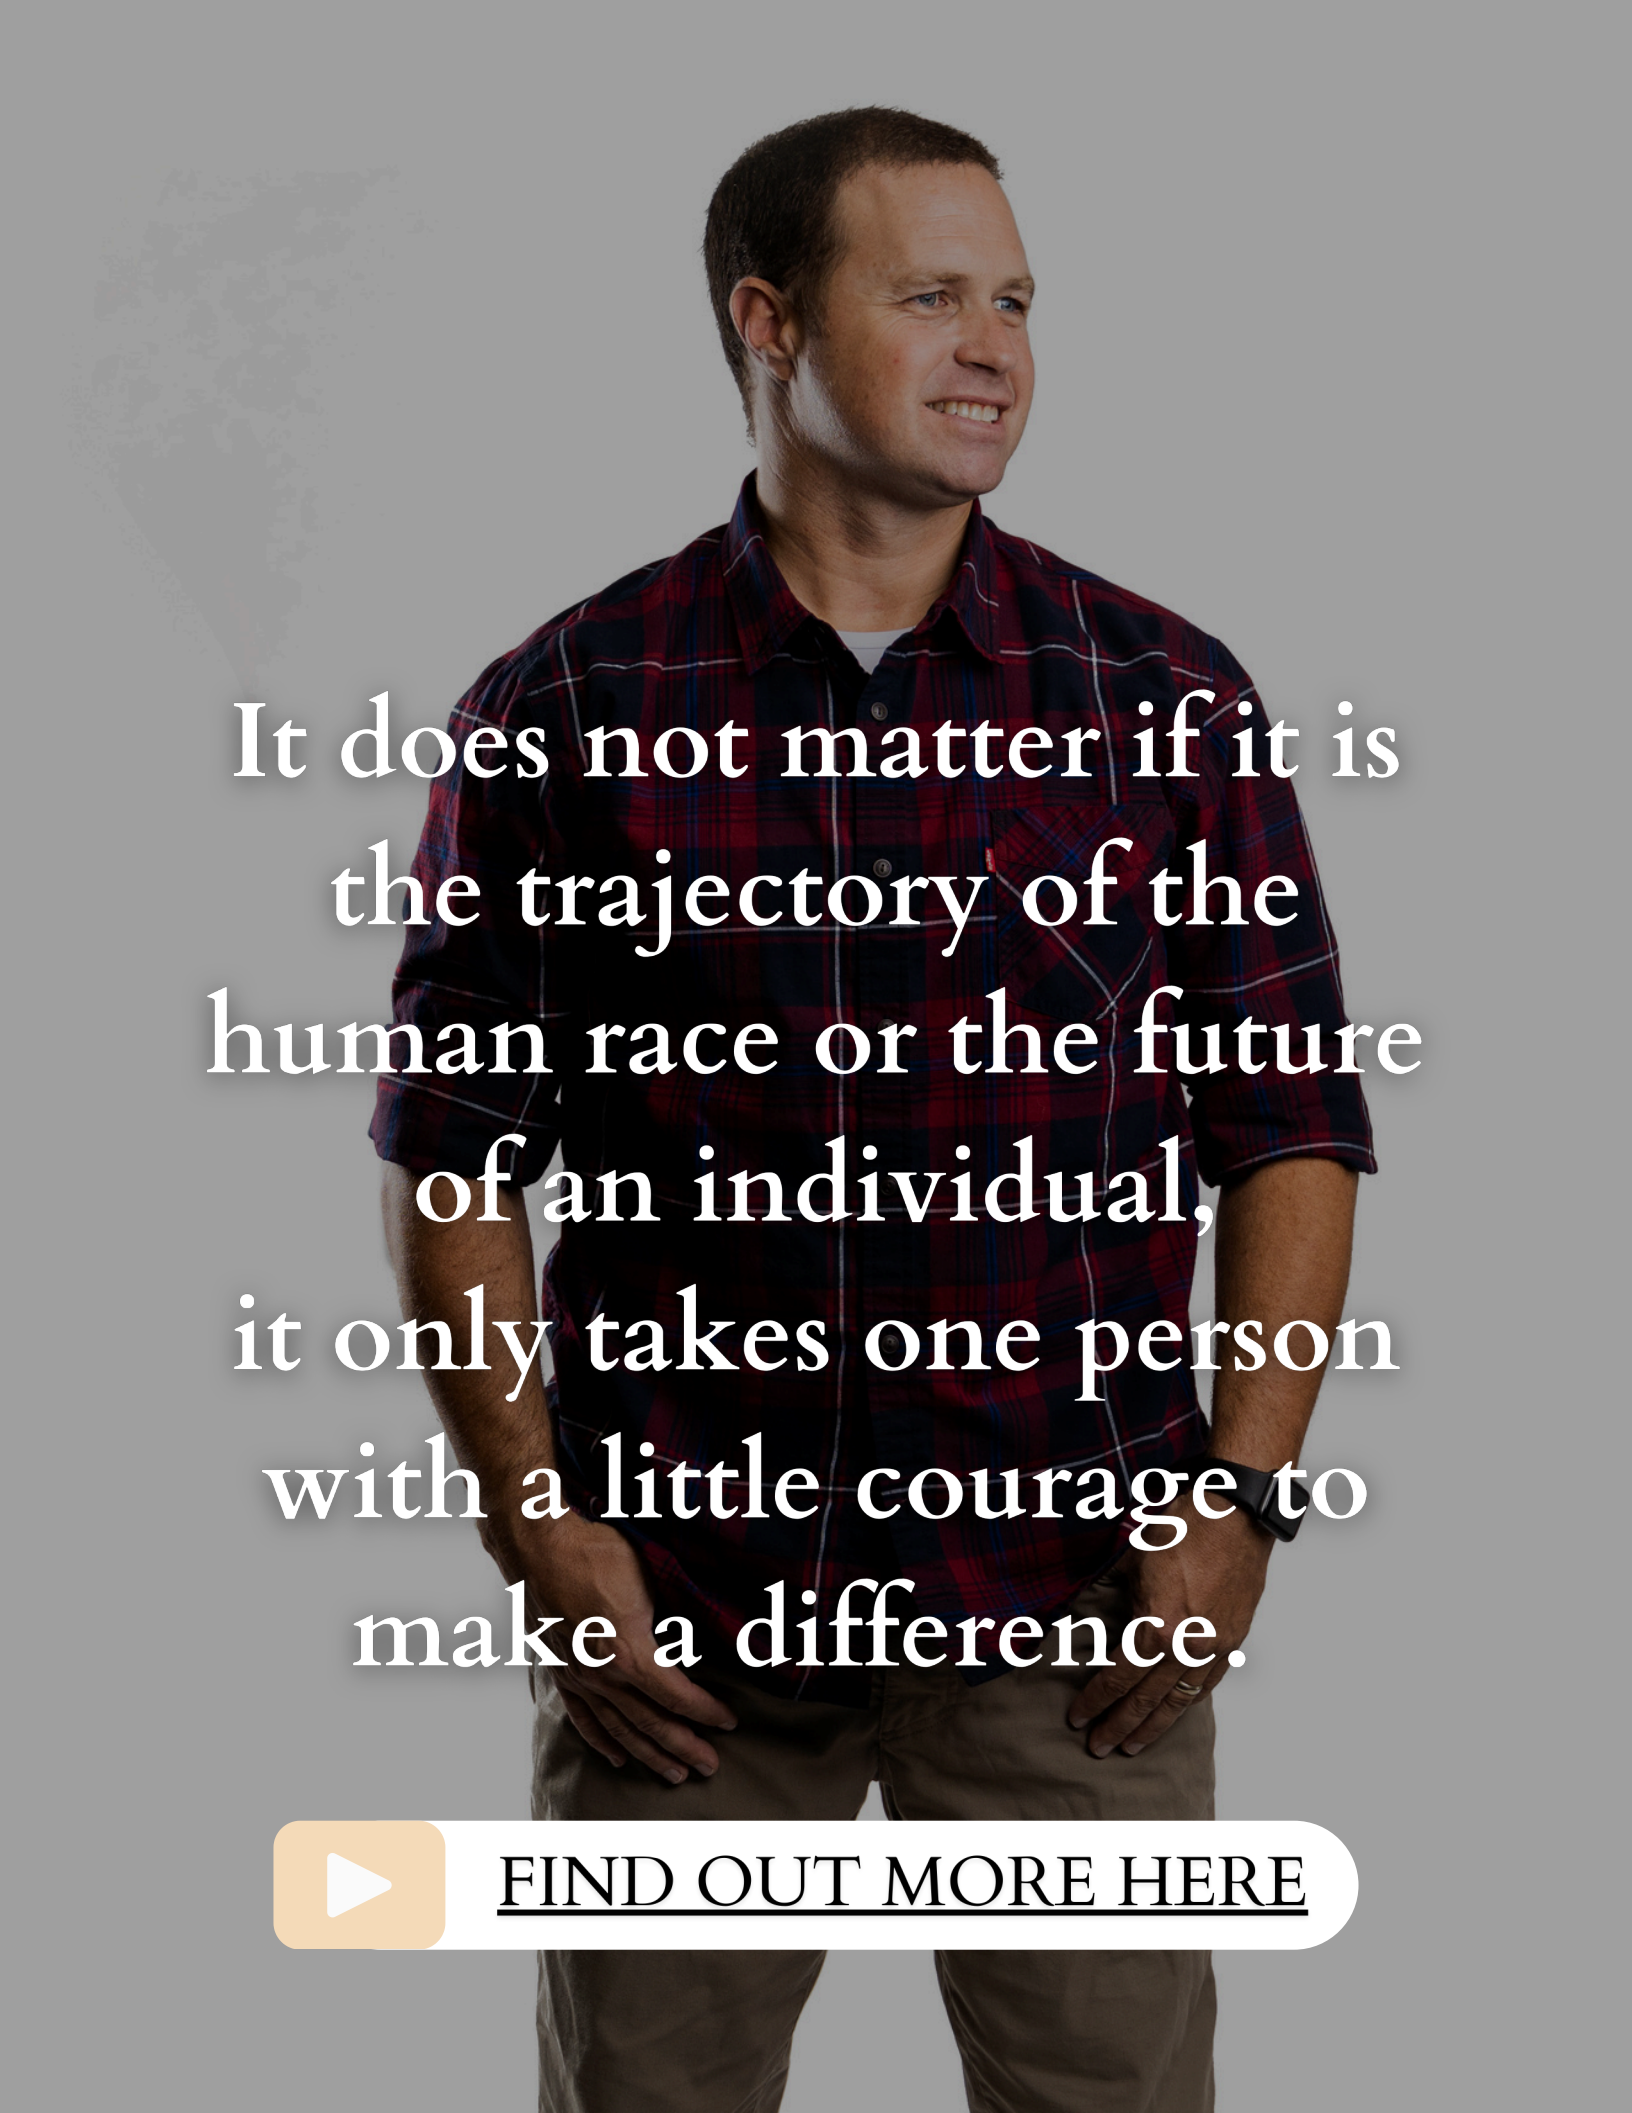

RIDING FOR THE BRAND

Creating a workspace where people feel truly loyal starts with leadership. When cowboys ride for the brand, they're riding for their leaders, showing deep trust and commitment.

DELEGATE TO INNOVATE

Effective leadership is more than just delegating tasks—it's about empowering your team.

It does not matter if it is
the trajectory of the
human race or the future
of an individual,
it only takes one person
with a little courage to
make a difference.
