ABOUT JIM 'SONI' SONEFELD

Jim 'Soni' Sonefeld is a Grammy Award-winning musician, author, and reinvention speaker who inspires audiences to navigate change, overcome adversity, and rediscover purpose through the power of music and storytelling.

Best known as the drummer and songwriter for one of the best-selling bands of all time, Hootie & the Blowfish, Jim has experienced extraordinary professional success alongside deeply personal challenges. Through his journey of recovery, resilience, and transformation, he discovered that success doesn't make us immune to struggle—it gives us an opportunity to use our experiences to help others.

For more than a decade, Jim has shared his message of hope, healing, and reinvention with audiences across the country. Blending live music, authentic storytelling, humor, and hard-earned life lessons, he creates immersive keynote experiences that leave audiences inspired to embrace change, find strength in adversity, and lead with greater purpose.

Whether speaking to corporate teams, associations, healthcare organizations, or community groups, Jim reminds us that life's greatest setbacks often become the foundation for our greatest growth and that it's never too late to write your next chapter.

“We loved, fought, cried, laughed a lot, and did whatever it took to play the music that we knew was very distinctly ours. . . . Jim ‘Soni’ Sonefeld has lived a life that is rife with fun and pain, light and darkness, but always with an amazing amount of love. The way he sees the world is one of a kind and his story is one for the ages.”

Signature Experiences

Every organization faces moments of change, challenge, and opportunity. Jim's signature experiences are designed to spark conversation, foster connection, and remind audiences that resilience, reinvention, and hope aren't just ideas. They're choices we make every day. Each presentation can be thoughtfully tailored to support the unique goals and themes of your event.

“From the moment we crossed paths it was clear to me that Jim is more than the drums, more than the band, and more than the music. Highs and lows, good and bad, pretty and ugly . . . he’s gone through it all. This is a great peek into an amazing trip through a rock’n’ roll life —and beyond. Like a good snare drum, it’s crisp, memorable, and it packs a punch.”
